Evergreen Park - Book Two 1980s - Amelia Keldan 2017-04-24

Entering into her teen years, Tildy McVee is burdened with the responsibility of deciphering right from wrong. With her family struggling to overcome a tumultuous past, she alternates between the need to focus on herself whilst also feeling protective of her family. With all the common problems of a regular teen - peer pressure, bullying and the struggle to embrace a true sense of self - Tildy watches as those around her make mistakes, seek success and search for the one thing that every human being desires: the opportunity to love and love in return. As the secrets of the past continue to be revealed, they create a ricochet effect that threatens to overwhelm them all. Can Tildy rely on her instincts this time or will she be too late?

Voices of My Comrades - Carol Adele Kelly 2007

Over the course of five years, the Reserve Officers Association of the United States-the nation's oldest such professional military organization-invited its members to write about their experiences in World War II. The response was an impressive outpouring of memories, now compiled here in an extraordinary record of courage, sacrifice, and commitment. Stories from 240 veterans-representing all theaters, ranks, and services-track the years of World War II month by month. From the young ensign's letter to his fiance, describing his escape from the USS Cassin minutes before it explodes at Pearl Harbor, to the battle-seasoned colonel's account of his flyover at the peace-treaty signing aboard the USS Missouri, the stories give a human face to the moments of war, written by men and women who intimately lived those history-making days, on bombing missions and invasion duty, on front lines and the home front. Readers will meet a survivor of the USS Reuben James, sunk by a German U-boat before December 7,

1941, and eight D-Day invaders of Normandy, including Lieutenant Colonel J. Strom Thurmond, paratrooper. They will also meet a bodyguard to General Douglas MacArthur and the nurses who healed the fallen in huts on Bataan, the hospital ship Shamrock in the Mediterranean, and field hospitals in France. Here, too, are personal accounts by Women Airforce Service Pilots (WASPs) and the battlehardened engineers of the Seabees in the Pacific. Other veterans tell of surviving the sinking of the troopship Leopoldville, when 750 Americans died in the English Channel on Christmas Eve, 1944; the horrific discovery of the Nazi extermination camps; and the tragic bombings near war's end of unmarked Japanese ships transporting U.S. POWs from the Philippines. Featuring photographs, a chronology, and historical introductions, this book—thanks to these stories by ordinary soldiers, sailors, airmen, marines, and nurses—is destined to become an enduring testimony to the

American experience in World War II.

What Your Birthday Reveals About You -

Phyllis Vega 2005-10-01

Born on December 3rd? You're an ambitious, hardworking "idea person" and a dynamic leader. Born on December 14th? You're the "traveling salesperson" of the zodiac and a gifted marketer. All Sagittarians are charming,

intelligent, and adventure-seeking, but which day of the month you're born on can determine the way in which you use those traits to your best advantage. In this exciting new book, master astrologer Phyllis Vega gives a detailed analysis for each birthday in the year, combining astrology and numerology to paint a true picture of the characteristics, desires, and destinies of people born on that day. If you were born October 5th, you're a skilled negotiator with a gift for making money. But if you were born just four days later, you're a compassionate dreamer with spiritual inclinations. Aries is the sign of the determined ram, but if you were born on April 7th, you are idealistic and inspiring.

Teaching the Unteachable Student - Nigel Francis 2012-04

Have you ever had to deal with challenging students? The kind of students who repeatedly skip class, rarely hand in work, and always have plenty of attitude when you attempt to correct their behaviour. Do you at times feel like pulling

your hair out and simply giving up? Well don't throw in the towel just yet. Teaching the Unteachable Student will provide you with strategies to help you overcome challenging behaviours in the classroom. This book goes beyond traditional classroom management techniques; it is a book dedicated to reshaping your students' character. Ultimately, for students to be successful, they must develop 'Six Key Elements of Character' that include: Respect, Responsibility, Perseverance, Caring, Citizenship, and Trustworthiness. As you use the strategies in this book to inspire these core traits in your students, you will find: - a renewed passion and confidence in your teaching; - an ability to connect with your students and build genuine relationships; - a significant improvement in your students' academic progress and overall character. Get ready to do the unthinkable by Teaching the Unteachable. The Power of Birthdays, Stars & Numbers - Saffi Crawford 2009-11-25

Friendship and Work Culture of Women Managers in Japan - Swee-Lin Ho 2018-01-31
Drawing on ethnographic data gathered from fieldwork spanning a 15-year period, this book offers new insights into understanding the lives and experiences of women managers in Japan. Based on empirical case studies, it explores the ways in which professional women in Tokyo creatively mobilize their friendships as a

strategic site for mitigating the disappointments in their working lives, and conceptualizing new understandings of independence and equality. It analyses their use of language, time, space and money to negotiate new identities in an increasingly flexible work environment. In examining the challenges and opportunities faced by these corporate workers, this book also extends anthropological debates about the changing meaning and importance of work for women, as well as their relationship with money and separation from the realm of domesticity. As a study of women's lives in and out of the workplace in Japan, this book will be of great interest to students and scholars of Japanese studies, Japanese culture and society, anthropology, sociology, gender and women's studies.

399 Days - Pam Taylor 2017-12-18

In Volume I, 399 Days: An American Adventure, the Taylor family visited the 48 contiguous United States. Their experiences bonded them together as never before. In their travels, they happened upon parades, concerts, regional festivals, holiday celebrations, and state fairs. The changing seasons brought nature's kaleidoscope of colors. Although there were arguments and hurt feelings, they found grace and forgiveness through their relationships with Jesus Christ. Sometimes the challenges seemed to come from all directions, as they get sick, sore, snowed in, sent away, misquoted, misled, pulled over, and locked out. Through it all, the Lord provided and the family thrived. Now the Taylors are ready for even higher adventure: a new continent with foreign languages, new currencies, exotic foods, and unfamiliar customs. When they mention their plans to others, most people shake their heads. They say it's crazy. Maybe it is. Join them now as they embark on

Wandering in the DMZ - Kenneth K. Suh
2016-05-18

Immigrants from Korea encountering Western culture for the first time in the 1960s experienced a monumental clash that could take years to overcome. Their childhoods spanned the final days of World War II, the Korean War, and the postwar chaos. In Korea, an ancient code of conduct prevailed. A boy could not even hold a girl's hand, and kissing was regarded as lewd.

But in the United States, everything was different, leaving Korean Americans trapped in a cultural demilitarized zone. In *Wandering in the DMZ*, author Kenneth K. Suh presents a series of stories exploring these conflicts. He includes a variety of short fiction, nonfiction essays, and personal stories, all touching on the intersection between Korean and Western cultural expectations. In *Color-Blind*, Suzy and Jay, who immigrated to the United States in the 1960s, find themselves in love but unable to move forward due to social awkwardness and expectations. Over the years, they gradually find their way toward each other, maneuvering around obstacles and quirks to get there. Other stories share Suhs memories of Korea in the 1950s, as the fighting between North and South Korea began, as well as essays exploring recent events, such as the Boston Marathon bombing. Offering a glimpse into a unique cultural blend, this collection presents fiction and nonfiction narratives exploring the conflicts that the

Korean immigrants experienced in the United States.

Crime and Punishment in Britain - Nigel Walker
2010-02-01

This book, first published in 1965, describes the British penal system as it existed in the 1960s. It describes how the system defined, accounted for, and disposed of offenders. As an early work in criminology, it focuses on differences

between, and changes in, the views held by legislators, lawyers, philosophers, and the man in the street on the topic of crime and punishment. Walker is interested in the extent to which their views reflect the facts established and the theories propounded by psychologists, anthropologists, and sociologists. The confusion between criminologists and penal reformers was initially encouraged by criminologists themselves, many of whom were penal reformers. Strictly speaking, penal reform, according to Walker, was a spare-time occupation for criminologists, just as canvassing for votes is an ancillary task for political scientists. The difference is that the criminologists spare-time occupation is more likely to take a "moral" form, and when it does so it is more likely to interfere with what should be purely criminological thoughts. The machinery of justice involves the interaction of human beings in their roles of victim, offender, policeman, judge, supervisor, or custodian, and

there must be a place for human sympathy in the understanding, and still more in the treatment, of individual offenders. This book is concerned with the efficiency of the system as a means to these ends. One of the main reasons why penal institutions have continued to develop more slowly than other social services is that they are a constant battlefield between emotions and prejudices. This is a great empirical study; against which the policy-maker and criminologist can measure progress or regression in British criminals and punishments. Nigel Walker is Emeritus Wolfson Professor of Criminology and former director of the Institute of Criminology at the University of Cambridge. He is the author of numerous books, including *A Man without Loyalties*; *Behavior and Misbehavior*; and *Aggravation, Mitigation, and Mercy in English Criminal Justice*.

TAKING A SHOWER - Lake Nofer 2014-04-09
Lake Nofer was born in Columbus, Ohio, but moved to the LA area as a baby and grew up in

the San Fernando Valley. She attended California State University, Northridge, studying music, then switching to theater and getting her degree in Theater. She was a tour guide at Universal Studios and then went to work in the box office of the, now defunct, Los Angeles Theater Center. While still at the tour she was diagnosed with Multiple Sclerosis. Finally, after working at the theater for less than a year she had to quit, due to the fatigue of MS. Today she lives in an apartment that was built for disabled people who can live independently. Once a week she volunteers at Learning Allies, reading for textbooks on tape. She enjoys cooking, reading, writing and having adventures.

Jehovah's Witnesses - George D. Chryssides
2016-12-05

From its origins in nineteenth century Adventism until the present day, the Watch Tower Society has become one of the best known but least understood new religious movements. Resisting the tendency to define the movement in terms of

the negative, this volume offers an empathetic account of the Jehovah's Witnesses, without defending or seeking to refute their beliefs. George Chryssides critically examines the historical and theological bases of the organization's teachings and practices, and discusses the changes and continuities which have defined it. The book provides a valuable resource for scholars of new religious movements and contemporary religion.
