Commander in Chief - Geoffrey Perret 2008-01-22

An award-winning presidential biographer and military historian looks at the legacy of the presidential administrations of Truman, Johnson, and Bush that undermined the checks and balances of the Constitution, ignored the advice of the professional military and allies, and were influenced by secret facts to undertake three unwinnable wars in Korea, Vietnam, and Iraq. Reprint.

Interaction Design for Complex Problem Solving - Barbara Mirel
2003-11-19

Software for complex problem solving can dazzle people with advanced features and alluring visuals, but when actually put to use it often disappoints and even frustrates users. This software rarely follows the user's own work methods, nor does it give people the degree of control and choice that they truly need. This book presents a groundbreaking approach to interaction design for complex problem solving applications.

The author uses her vast field experience to present a new way of looking at the whole process, and treats complex problem solving software and web applications as a distinct class with its own set of usefulness demands and design criteria. This approach highlights integrated interactions rather than discrete actions, clearly defines what makes problem solving complex, and explores strategies for analyzing, modeling, and designing for exploratory inquiries. ·In depth case studies ranging from IT troubleshooting to marketing analysis to risk assessments in healthcare show exactly where and what goes wrong in real world activities and how to improve them. ·Presents a system and framework for analyzing complex work and takes the mystery out of eliciting patterns of work and their meanings. ·Offers new perspectives for support and new design strategies for building the right models into programs so that they effectively address users' dynamic work. ·Allows designers to turn findings into useful designs for problems that require users to create new knowledge but with no one right answer and with many methods of reaching solutions.

The Supreme Court and the Commander in Chief - Clinton Rossiter 1976
An updated edition of Rossiter's 1951 assessment of the quality and extent of the Supreme Court's interpretation of and control over the President's wartime powers, with new sections on important events and issues of the past twenty-five years

The Bramall Papers - Bramall 2017-11-30

Over the course of his 75 year career Field Marshal Bramall or Dwin as he is universally known has been in the forefront of military thinking. Clearly destined to reach the pinnacle of his profession he shone in a succession of prestigious appointments both in command and on the staff. He fought in Normandy, saw active service in Ireland and Borneo and masterminded the Falklands Campaign. As this unique collection of personal Papers, dating from the 1950s to the present day, testify, Bramall has never shied away from controversy or original thought, whether on low level leadership or higher military strategy. His views are far from predictable or trenchant as demonstrated by his changing nuclear stance and his clearly argued opposition in the House of Lords to intervention in Iraq. The publication of this unique collection of letters, lectures, speeches and theses on a wide range of topics gives the reader the opportunity to delve into a rich mine of sound military thinking and common sense.

Commander in Chic - Mikki Taylor 2011-11-29

With her “classic with a twist” sensibility, Michelle Obama oozes chic! Mikki Taylor, one of the nation’s foremost authorities on fashion, beauty, and style, has taken Mrs. Obama as her muse, to write the book women who admire them both have been waiting for, Commander in Chic. The nation’s major networks, radio stations, and newspapers call on Mikki

Taylor not only to discuss the “Obama look” and its feverish impact on style, but to hear Taylor’s own smart advice on looking polished and pulled together. She’s been privy to Obama’s style philosophy as well as that of countless celebs through her longtime role as beauty and cover director at Essence magazine, where she collaborated with Obama’s team on fashion and beauty choices for prime photo shoots for the magazine. Now Taylor is sharing the keys to the Obama look with her diary-like observations, tips, and Mikki-isms (her short, ultra-clever style aphorisms) for women everywhere. Mikki knows we all want to possess a signature look and a wardrobe of bankable pieces that allow us the kind of versatility where we never have to worry about what to wear again! Consider Commander in Chic as your personal style diary—one where you’ll find everything you need to know to possess great style—simply, effortlessly, and for keeps. Cover-to-cover, the book is full of stunning photo-graphs that take the guesswork out of what works. Every chapter in the book shares the kinds of concrete information and inspiring style ideas that not only make getting dressed a fabulous experience, but define what will make you a woman to remember! Here is everything you need to know about style—from your glossary of high-performance hair products and “do how-to’s” to the best makeup finds and techniques to what you need to know to grow your nails long and strong to the most polished hues for all skin tones. In “The Gam Slam,” Taylor tells you how to work summer-pretty legs year-round—from how to keep them even-toned and satiny smooth to vein-free. Mikki took great care in talking to the experts about what we need to know to manage our lives from the inside out—from our mental and physical health and wellness to the importance of self-nurturing. As a result, you’ll find guiding principles on diet and exercise for the various stages of your life—from age twenty and beyond. You’ll also find the critical information you need to know to nourish your well-being so you can continue to be the empowered woman you are called to be. All in all, Commander in Chic is a gold mine of information that will inspire you—from head to toe, inside and out—on how to truly style, now and for years to come.

Perspectives on Iran's environmental policy process: Issues and constraints - Aghmashhadi, Amir Hedayati 2018-12-18

Due to the increase in environmental problems in Iran at the national and regional levels, it is crucial to establish sound and sustainable environmental policies. Further, it is also important to incorporate environmental considerations in the current policies being implemented in sectors such as the agriculture or energy sector. This paper applies the kaleidoscope model to understand the current policy process in Iran. Using this analysis and a literature review, we present a framework that can be applied to develop environmental policies. Studies show that the best instrument for environmental policymaking in Iran is to use the spatial planning with the double approach of activity and resource planning (based on power assessment and resource management, respectively). However, due to the environmental pressures on resources in Iran over the past decades, the current planning approach is not enough and needs to be completed in the form of resource planning.

Portraits of Courage - George W. Bush 2017-02-28

#1 NEW YORK TIMES BESTSELLER • A vibrant collection of oil paintings and stories by President George W. Bush honoring the sacrifice and courage of America's military veterans. With Forewords by former First Lady Laura Bush and General Peter Pace, 16th Chairman of the Joint Chiefs of Staff. Growing out of President Bush's own outreach and the ongoing work of the George W. Bush Institute's Military Service Initiative, *Portraits of Courage* brings together sixty-six full-color portraits and a four-panel mural painted by President Bush of members of the United States military who have served our nation with honor since 9/11—and whom he has come to know personally. Our men and women in uniform have faced down enemies, liberated millions, and in doing so showed the true compassion of our nation. Often, they return home with injuries—both visible and invisible—that intensify the challenges of transitioning into civilian life. In addition to these burdens, research shows a civilian-military divide. Seventy-one percent of Americans say they have little understanding of the issues facing veterans, and veterans agree: eighty-four percent say that the public has "little awareness" of the issues facing them and their families. Each painting in this meticulously produced hardcover volume is accompanied by the inspiring story of the veteran depicted, written by the President. Readers can see the faces of those who answered the nation's call and learn from their bravery on the battlefield, their journeys to recovery, and the continued leadership and contributions they are making as civilians. It is President Bush's desire that these stories of courage and resilience will honor our men and women in uniform, highlight their family and caregivers who bear the burden of their sacrifice, and help Americans understand how we can support our veterans and empower them to succeed. President Bush will donate his net author proceeds from *PORTRAITS OF COURAGE* to the George W. Bush Presidential Center, a non-profit organization whose Military Service Initiative works to ensure that post-9/11 veterans and their families make successful transitions to civilian life with a focus on gaining meaningful employment and overcoming the invisible wounds of war.

COMMANDER IN CHIEF - Katy Evans 2017-01-05

The sequel to Matthew Hamilton and Charlotte's passionate romance, from New York Times and USA Today Bestselling author Katy Evans. We fell in love during the campaign. The stakes were high. Reputations could have been ruined. Scandal hovered over us like a cloud. Now the man I love is the President of the United States of America. And its not my vote he is after. He wants it all. My heart. My body. My soul. He wants me by his side. In the White House. Normalcy will be gone from my life, privacy forgotten. I am only twenty three. I just wanted to play a part in history. But it seems like history wasn't done with me. The part where I lost my heart to Matthew Hamilton? It was only the beginning...

Judge Bao and the Rule of Law - Wilt L. Idema 2010

Pure, orthodox and incorruptible, Judge Bao has been serving as the preeminent embodiment of justice in China for almost a thousand years, so much so his court case have been adapted as stories, novels and plays over the centuries. Now, for the very first time a series of eight ballad-stories on Judge Bao, dating from the period 1250–1450, are offered in a complete and annotated translation. These texts will provide the reader a complete reflection of the legend of Judge Bao in its earliest phase of development, with an extended introduction placing the ballad-stories in context with the development of the Judge Bao legend. These

ballad-stories, in contrast to past plays dating from the same period, present abuse of power and corruption as endemic in the courts and bureaucratic service, and show Judge Bao imposing the rule of law even on the emperor.

Commander in Chief - Eric Larrabee 2019-10-15

Few American presidents have exercised their constitutional authority as commander in chief with more determination than Franklin D. Roosevelt. He intervened in military operations more often and to better effect than his contemporaries Churchill and Stalin, and maneuvered events so that the Grand Alliance was directed from Washington. In this expansive history, Eric Larrabee examines the extent and importance of FDR's wartime leadership through his key military leaders—Marshall, King,

Arnold, MacArthur, Vandergrift, Nimitz, Eisenhower, Stilwell, and LeMay. Devoting a chapter to each man, the author studies Roosevelt's impact on their personalities, their battles (sometimes with each other), and the consequences of their decisions. He also addresses such critical subjects as Roosevelt's responsibility for the war and how well it achieved his goals. First published in 1987, this comprehensive portrait of the titans of the American military effort in World War II is available in a new paperback edition for the first time in sixteen years.
