The Secrets He Kept - Jackie Walsh 2019-11-06
'will have you gripped from start to finish, so much so that you really don't want to stop reading!' (5 stars) Reader review 'I was hooked straight in from the first chapter and it really didn't let up. Fast paced and thrilling.' (5 stars) Reader review You know everything about your husband. Don't you? He loves you. He loves your children. He'd never put his family in danger. One of these is a lie. It started like any other day at the hairdressers

where Sally works as a stylist... until her first client innocently shows her a family photograph; a photograph that causes Sally to collapse in shock. In one moment, Sally discovers that Tom has been hiding an explosive secret - one that could tear apart the life they've built together. Faced with an impossible dilemma - search for the truth, or keep her contented life? - Sally is about to discover that even those closest to us have secrets... and that sometimes the truth is the last thing we want to hear. A

completely gripping, suspenseful psychological thriller that fans of T.M. Logan, My Lovely Wife and K.L. Slater won't be able to put down. Readers can't get enough of The Secrets He Kept: 'I read this in one sitting, loved it!! Quickly paced, great story!! Kept me guessing to the very end!!' Reconstructing the Native South - Melanie Benson Taylor
2012-01-15

In *Reconstructing the Native South*, Melanie Benson Taylor examines the diverse body of Native American literature in the contemporary U.S. South--literature written by the descendants of tribes who evaded Removal and have maintained ties with their southeastern homelands. In so doing Taylor advances a provocative, even counterintuitive claim: that the

U.S. South and its Native American survivors have far more in common than mere geographical proximity. Both cultures have long been haunted by separate histories of loss and nostalgia, Taylor contends, and the moments when those experiences converge in explicit and startling ways have yet to be investigated by scholars. These convergences often bear the scars of protracted colonial antagonism, appropriation, and segregation, and they share preoccupations with land, sovereignty, tradition, dispossession, subjugation, purity, and violence. Taylor poses difficult questions in this work. In the aftermath of Removal and colonial devastation, what remains--for Native and non-Native southerners--to be recovered? Is it acceptable to identify an Indian "lost cause"? Is a deep sense of hybridity and intercultural affiliation the only coherent way forward, both for the New South and for its oldest inhabitants? And in these newly entangled,

postcolonial environments, has global capitalism emerged as the new enemy for the twenty-first century? *Reconstructing the Native South* is a compellingly original work that contributes to conversations in Native American, southern, and transnational American studies.

Polyamines - Kazutomo Imahori 1985-12

The significance of polyamines in cell proliferation and carcinogenesis has stimulated further research interest in their biochemistry and metabolism. These papers, which update the available literature on polyamines, are grouped into four main areas: the metabolism of polyamines; the effect of polyamines on cellular metabolism; inhibitors of polyamine metabolism and their clinical relevance; application to diagnosis and prognosis. The Proceedings include contributions from a wide range of research interests with special emphasis being placed on the clinical aspects of these compounds.

Protecting His Witch - Zoe Forward 2014-10-27

The last thing he wanted was to fall for a witch...

Veterinarian Kat Ramsey hasn't a clue that she's a witch. Sure, she can read minds, and there's the whole "dimension-hopping" issue that she can't quite control, but Kat is determined to keep things normal. That is, until she accidentally hops into the Otherworld and runs into Matthew Ryan?the seriously hot one-night stand from years ago who shoved her out of his dorm. Naked. And there's the tiny matter of the curse she gave him. May you never find satisfaction with another woman. Billionaire and former druid Matthew Ryan hasn't forgotten the curse, or the witch who gave it to him. Kat's unexpected return means the curse will finally be broken. Unfortunately, his libido has other ideas?like how to get her back into his bed one last time. But far more worrying is his suspicion that Kat is the seventh Pleiades witch. Because while he's turned his back on his druidic ways, he's still bound to protect the

woman who made his life hell.

Pre-Schoolers with Autism - Avril Brereton 2005-01-15

The title is an effective, manualized parent education programme' - Educational Book Review This ground-breaking training programme has been developed in response to a real need for evidence-based early interventions for very young autistic children. Authoritative and extensively tried and tested, it will help both parents and carers to understand the disorder and how it affects child development. Ultimately, the programme is designed to reduce the severity of emotional/behavioural difficulties by managing a

child's particular problems and encouraging effective collaboration between professionals and parents. The programme is delivered through two accessible manuals - one for parents and one for clinicians - which provide all the information and materials you need. The Manual for Clinicians explains the purpose and content of each session and includes notes for discussion and teaching, a checklist of 'things to do', and photocopiable task sheets for distribution and discussion. The Manual for Parents features tasks, exercises and discussion points for group sessions, and complements these training materials with engaging personal accounts, an introduction to the history of autism, information about approaches to treatment, and a list of useful websites and further reading. Structured as a series of individual and small group sessions, the programme is designed to run for 20 weeks and covers key areas such as understanding and managing

difficult behaviour; changing/encouraging new behaviours; communication problems in verbal and non-verbal children; social problems; and how to work and play together. Together, these manuals will provide you with all the information, support and resources you need to run this programme successfully.

One-Minute Answers to Skeptics - Charlie H. Campbell
2010-01-01

Speaking all over the United States about apologetics issues, Charlie Campbell has heard just about every question skeptics have to offer. In this concise, reader-friendly handbook, he provides brief responses to the top-40 questions that keep people from the faith, such as... What evidence do you have that God exists? How do you know the Bible is actually true? What about those who have never heard of Jesus? Will they be condemned to hell? If God is so loving, why does He allow evil and suffering? How can you say Jesus is the only way to heaven? Don't all religions

basically teach the same thing? Aren't a lot of churchgoers hypocrites? With a gracious introductory note to skeptical readers and a generous sprinkling of inspiring quotes throughout, this handy resource is an enjoyable read as well as a powerful evangelistic tool.

Crimson Elite - T.L. Smith
LIMITED TIME BOX SET
RELEASE! Welcome to Crimson Elite, the most exclusive sex club in the world. Enter at your own risk, and always remember our number one rule— You must never speak of Crimson Elite—the punishment is severe. BOOK 1 (CAVALIER) Creed 'Too Hot for Words' Christopher If God created the perfect man he would closely resemble Creed, on the outside that is. He's as cavalier as they come. Unconcerned. Cold. Dismissive. I wonder if he has any feelings at all. And when his lips touch mine, everything goes black. He takes me into his world, and it's the most magical thing I've ever experienced. And I'm sucked in time and time again.

Like a moth to the flame, I am ready to be set alight. Elicea 'F*cks With My Head' Beckham Elicea is a firecracker. She has piqued my interest, and no one piques my interest anymore. Beautiful women are what I do—it's my work. Not one of them has managed to get their claws into me the way she does. It's as if she's seeing my icy heart and trying to melt it, set it alight with each touch of her sinful lips. But that can't work, it won't work. Not in my world. BOOK 2 (ANGUISHED) It wasn't meant to be this way—she shouldn't have fallen for my brother and left me for him. But she did. And now I'm left to pick up the pieces of my shattered, broken heart. And to top it off, they want me to come to their wedding. Do they think I'm a pushover? Do they think of me as a joke? The old saying stands true, 'Why have enemies when you can have family.' I understand it now, better than I ever have in my life. There's one unexpected surprise though: Storm. She blew in just like one and makes the pain diminish. She's exactly

as her name describes her—she is a storm. A beautiful and powerful one. But not all things are meant to last. Like a storm that wreaks havoc, some things cause anguish, and in my life she may very well be one of them.

Photographer's Guide to the Fujifilm X10 - Alexander White 2012-04

This book, a complete guide to the operation and features of the Fujifilm X10 digital camera, is a follow-up to the author's earlier guides to advanced compact digital cameras, including the Fujifilm X100 as well as models by Leica, Panasonic, Canon, and Nikon. The new book explains all operations, features, menus, and controls of the Fujifilm X10 camera in clear language, providing guidance not only about how to accomplish things with the camera, but when and why to use certain features. The book does not assume any specialized knowledge by the reader, but explains topics such as shooting modes, autofocus, manual focus, depth of field, aperture priority,

shutter priority, HDR (High Dynamic Range) photography, white balance, ISO, and macro photography. The book shows how to take advantage of the camera's unique CMOS sensor with Fujifilm's EXR technology. This special sensor enables the camera to be configured for high resolution, high sensitivity in dim lighting, or high dynamic range, depending on the lighting conditions the photographer is faced with. The book also provides guidance about the many the X10's many other advanced settings, including adjustments for Color, Sharpness, Highlight Tone, Shadow Tone, and numerous others. The guide's more than 200 photographs, almost all in full color, provide illustrations of the camera's controls and menus, and include examples of the various types of photographs that can be taken using the many creative settings of the camera, including the Film Simulation settings, which let the photographer alter the color processing and other aspects of images; various menu options

such as Dynamic Range and Intelligent Digital Zoom; and the camera's strong set of features for continuous shooting. In addition, the book goes beyond everyday photography with introductions to more advanced topics such as infrared photography, astrophotography, digiscoping, street photography, and creating 3D (three-dimensional) images that can be viewed with conventional red and blue 3D glasses. The book also includes a full discussion of the video recording abilities of the Fujifilm X10, which can capture high-definition (HD) video with stereo sound and can take silent slow-motion movies to enable studies of sports and other actions. In three appendices, the book provides information about accessories available for the camera, including cases, filter adapters, and external flash units; sets forth a list of useful web sites and other resources for further information; and includes a section with helpful "quick tips" that give particular

insights into how to take advantage of the camera's features in the most efficient ways possible. The book includes a detailed Table of Contents and a full Index, so the reader can quickly find needed information about any particular feature or aspect of the camera.

Of Gods and Monsters - John T. Soister 2015-09-18

While Universal's Dracula and Frankenstein (both 1931) have received the most coverage of any of the studio's genre releases, it is the lesser known films that have long fascinated fans and historians alike.

Starting with *The Last Warning*, a 1929 movie released as both a silent and a talkie, Universal provided a decade of films that entertained audiences and sometimes frustrated critics. Each of Universal's horror, science fiction and "twisted mystery" films receives an in-depth essay for each film. The focus is first on the background to the making of the movie and its place in the Universal catalog. A detailed plot synopsis with critical

commentary follows.

Filmographic data for the film conclude the entry. Universal's *The Shadow* short film series is covered in an appendix. Many rare illustrations and movie posters are also included.

El Patólogo. Parte I: Memento Mori - Max Kroennen 2021-10-06

A los doce años, Nicholas Goering sobrevivió milagrosamente a un disparo en la cabeza perpetrado por su propio padre, después de que este matara a su madre y se suicidara sin motivo aparente. Veinticinco años más tarde, ahora convertido en un referente de la Patología Forense en el prestigioso hospital de la ciudad sajona de Heimstadt, el misántropo doctor tendrá que lidiar con el caso más extraño de su carrera: el cuerpo de su padre

ha aparecido en perfecto estado de conservación colgado como en el día de su muerte y le han colocado los órganos internos de distintas personas. El recientemente ascendido y temperamental detective Matías Vandergelb, quien desprecia al patólogo, y la ambiciosa psiquiatra Angélica Grunnewald, quien, por el contrario, está obsesionada con él, serán los encargados de intentar resolver el rompecabezas humano en una carrera contrarreloj. Memento Mori es la primera entrega de la trilogía.

Refurbishment Manual - Georg Giebeler 2012-12-10
Planning tasks involving existing structures are currently among the most common types of contract, and almost every structure makes different demands and raises individual problems. Reflecting this state of affairs, there are a

dizzying number of publications on the market, most of which are quite specialized. The Refurbishment Manual cuts through this jungle of publications. It defines terms and concepts, combines the narrowly focused perspectives of the specialists, and offers concrete approaches to this wide-ranging topic. The Refurbishment Manual closes the gap between basic constructional literature and one-sided, highly specialized technical literature. It constitutes a practical planning aid on the subject of refurbishment, providing a basic introduction to the relevant aspects of building physics, fire protection, sustainability and energy, hazardous materials, construction materials for interior and façade, historic preservation, and technical building equipment. It offers concrete tips on planning steps, methods of building analysis, and cost benchmarks, as well as clear constructional solutions with built projects as examples. A unique feature of

the volume is the specially developed timeline, which allows the planner to quickly grasp, categorize, and evaluate a concrete building task and thus obtain an efficient planning overview.

Planungsaufgaben im Bestand gehören derzeit zu den häufigsten Auftragsarten und nahezu jedes Bauwerk stellt andere Anforderungen und weist individuelle Probleme auf. Analog dazu gibt es auf dem Markt eine fast unüberschaubare Anzahl Publikationen in meist sehr spezialisierter Form. Der Sanierungsatlas möchte Licht in diesen

Publikationsdschungel bringen: Er definiert Begrifflichkeiten, vereint die fokussierenden Betrachtungsweisen der Fachleute und vermittelt konkrete Herangehensweisen an diese weit gefächerte Thematik. Der Sanierungsatlas schließt die Lücke zwischen grundlegender Baukonstruktions- und sehr einseitig spezialisierter Fachliteratur. Das Buch stellt eine praktische Planungshilfe

zum Thema Sanierung dar - und zwar in Form von relevanter Grundlagenvermittlung zu Bauphysik, Brandschutz, Nachhaltigkeits- und energetischen Aspekten, Schadstoffen, Baustoffen im Innenraum und an der Fassade, zu Aspekten der Denkmalpflege ebenso wie zur technischen Gebäudeausstattung. Er liefert konkrete Hinweise zu Planungsschritten, Methoden der Bauanalyse und Kostenkennwerten sowie anschauliche Konstruktionslösungen am Beispiel gebauter Projekte. Einzigartig ist die speziell entwickelte Zeitschiene, mit deren Hilfe eine konkrete Bauaufgabe schnell erfasst, kategorisiert und bewertet werden kann - und die dem Planer somit einen effizienten Planungsüberblick verschafft.

Autumn in Scotland - Karen Ranney 2009-10-13
Abandoned by a rogue
Betrothed to an earl she had never met, Charlotte Haversham arrived at Balfurin,

hoping to find love at the legendary Scottish castle. Instead she found decaying towers and no husband among the ruins. So Charlotte worked a miracle, transforming the rotting fortress into a prestigious girls' school. And now, five years later, her life is filled with purpose—until . . .

Seduced by a stranger A man storms Charlotte's castle—and he is not the reprehensible Earl of Marne, the one who stole her dowry and dignity, but rather the absent lord's handsome, worldly cousin Dixon MacKinnon. Mesmerized by the fiery Charlotte, Dixon is reluctant to correct her mistake. And though she's determined not to play the fool again, Charlotte finds herself strangely thrilled by the scoundrel's amorous attentions. But a dangerous intrigue has drawn Dixon to Balfurin. And if his ruse is prematurely revealed, a passionate, blossoming love affair could crumble into ruin.

Cold as Ice - Allison Brennan
2020-10-27

In New York Times bestseller Allison Brennan's *Cold as Ice*, FBI Agent Lucy Kincaid must get into the head of a psychopath to save her family, and herself Two years ago, FBI Agent Lucy Kincaid put psychopath Elise Hansen Hunt in juvenile detention for her role in an organized crime syndicate. Now eighteen, Elise

has been released with a clean slate, and plans to take her revenge by making Lucy's life hell. The plot begins with Lucy's husband Sean Rogan, who has been arrested for a murder he most certainly did not commit. Lucy is determined to prove Sean's innocence, but is warned off the case by her boss. As she calls in reinforcements, she learns that Sean's brother Kane is missing in Mexico, her partner Nate Dunning has been arrested for possession of cocaine, and her friend Brad Donnelly has been kidnapped outside DEA headquarters. Lucy realizes that Elise doesn't have the resources or patience to execute such a devious plan. Did Elise's father orchestrate everything from prison? Or is there someone even more calculating seeking revenge on Lucy by hurting the people she loves? One thing is certain: if Lucy doesn't find the answers fast, Sean will die.

Optimization and Performance Analysis of High Speed Mobile Access Networks - Thushara Weerawardane 2012-01-07

The design and development of cost-effective mobile broadband wireless access networks is a key challenge for many mobile network operators. The over-dimensioning or under-dimensioning of an access network results in both additional costs and customer dissatisfaction. Thushara Weerawardane introduces new transport technologies and features for High Speed Packet Access (HSPA) and Long-Term Evolution (LTE) networks. Using advanced scientific methods, he proposes new adaptive flow control and enhanced congestion control algorithms, then defends them with highly-developed analytical models derived from Markov chains. For faster analysis, compared to long-lasting detailed simulations, these models provide optimum network performance and ensure reliable quality standards for end users during transport network congestion. Further, the author investigates and analyzes LTE transport network performance

by introducing novel traffic differentiation models and buffer management techniques during intra-LTE handovers.

Crazy Over You - Wendy Sparrow 2015-07-28

She's on the sheriff's most wanted list. Waking up with a naked woman holding a knife at his throat is just about the last thing Sheriff Travis Flynn expected. And the brother she's looking for? A murderer. And dead. Probably. But the real shock comes when she insists she's not a Lycan. LeAnn Wilcox isn't looking for love...especially not from some wolf in sheriff's clothing. She operates on the other side of the law. Once she finds her brother-alive-she'll get out of the pack's territory and go back to her regular, normal, non-furry life of changing jobs and her name whenever her past closes in. The cool, logical Sheriff has finally met his match, but LeAnn's life is at stake if she won't claim her place in the pack, especially once his control over the pack is challenged and her brother's fate is questioned.

Series Collection - Luke Mitchell 2020-09-22

He just wanted his exosuit back. She was out to save her brother. What they got were bloodthirsty aliens. And maybe the end of the world. Prepare for 1,700+ pages of rip-roaring sci-fi shenanigans... "Extremely entertaining!" "This author KNOWS HOW TO WRITE AN ADVENTURE STORY!!" "Suspenseful, funny, and compelling." "Sci-fi, dystopia, vampires, Star Wars references, and style. It has it all." In a world devastated by alien invasion, Jarek and Rachel were never paragons of heroism. They survived, same as anyone else. They protected what was dear—Jarek with his exosuit and beloved AI companion, Rachel with her brother. They kept things simple... until the raknoth came and took it all away. Now, Jarek and Rachel will stop at nothing to protect what's theirs, even if it means swallowing their pride and working together to survive. Because it turns out the raknoth are only the beginning

of the bad news for Mother Earth... What do a smart-mouthed sword-slinger and a surly arcanist have in common? Neither of them signed up for this crap. But together, they might just be strong enough to finish it. Assuming they don't kill each other first... Are you ready to suit up and save the world? Grab the COMPLETE 8-Story Collection today, and prepare for a high-octane sci-fi romp you won't forget!

ensure the success of any project. This second edition of Thomas Uher's and Adam Zantis' textbook maintains its focus on operational rather than strategic aspects of programming and scheduling of projects, providing the reader with the practical planning skills needed to be successful. Unlike most other textbooks that largely focus on the critical path method, *Programming and Scheduling Techniques* includes a comprehensive review of a range of practices used around the world. Topics covered in this thoroughly revised edition include: deterministic scheduling techniques including the bar chart, the critical path method, the critical chain method, the multiple activity chart and the line of balance a comparison of the critical path and critical chain scheduling techniques options for computer-based scheduling stochastic scheduling techniques including the critical path method based on Monte Carlo simulation and the Program

Evaluation and Review Technique (PERT) risk in scheduling work study. By covering a broad range of scheduling techniques this book is suitable for those planning projects in any industry, particularly in interdisciplinary or international contexts. Written for students studying undergraduate and postgraduate architecture, building, construction/project management, quantity surveying, property development and civil engineering programs.

Those Sweet Words - Kait Nolan 2017-10-27

Good old, reliable Pru. Of the four Reynolds sisters, Pru is the natural choice to take on custody of the girl their late mother had planned to adopt. At thirty, suddenly becoming

the mom of a teenager means big changes, but Pru's ready to do whatever it takes to adopt Ari. Before she settles down, though, she wants one thing for herself. Enter Flynn Bohannon, the sinfully sexy Irish musician in town for her sister's wedding. He's led the kind of free, vagabond life Pru can hardly imagine. Definitely not the kind of guy she should be dating, but he's the perfect guy for a crazy fun fling before her life changes. When Pru proposes a brief, no strings affair, Flynn's not about to say no. But when unexpected complications endanger the adoption, the two find themselves in a phony engagement. Now they have to convince a sharp-eyed, skeptical social worker, a teen who's too smart for her own good, three dubious sisters, and one protective brother-in-law that Flynn's willing to give up the gypsy life and settle down. But in convincing everyone that this relationship is real, will they convince each other as well?

Obstetrics and Gynecology on

Call - Ira R. Horowitz 1993

This is the most recent of the problem-oriented On Call series and comprises a pocket-sized manual covering more than 70 urgent obstetric or gynaecological problems that resident physicians or house officers may face when on call. For each problem, the text provides a definition, immediate questions to ask, a differential diagnosis, diagnostic steps to take and treatment. Also included is information on laboratory tests, procedures, fluids and electrolytes, blood component therapy, ventilator management and commonly used medications.

Recent Progress in Functional Analysis - Manuel Valdivia 2001

This Proceedings Volume contains 32 articles on various interesting areas of present-day functional analysis and its applications: Banach spaces and their geometry, operator ideals, Banach and operator algebras, operator and spectral theory, Frechet spaces and algebras, function and

sequence spaces. The authors have taken much care with their articles and many papers present important results and methods in active fields of research. Several survey type articles (at the beginning and the end of the book) will be very useful for mathematicians who want to learn "what is going on" in some particular field of research.

Reawakening - K. L. Kreig
2015-05

"I'm not a piece of property that you can just claim, Romaric." Having been held hostage for a month by vicious vampires, Sarah is now recovering in the most unlikely of places...the shelter that her sister, Kate and her vampire mate, Devon, opened to help

such victims as herself. After months under the watchful eye of her sister, she's finally put a plan into motion to secure her future when a very imposing, very stoic and utterly drop dead gorgeous vampire takes her world by storm and turns it completely upside down. "Ah, but that's where you're wrong, my beauty. You are mine and I've come to do exactly that." Romaric Dietrich, West Regent Vampire Lord is one of the oldest vampires alive. He's cold, calculating and nearly unmatched in power. Vampires recognize their Moiras instantaneously and upon first laying eyes on Sarah Hill, he senses she's his. His Moira. His Destined mate. The one woman meant to be his and his alone. But how is that possible when he'd loved and lost his first? In his quest to uncover the truth, not only does he discover that Sarah is indeed the other half of his soul, but he's put himself, and his mate, in the crosshairs of yet another very powerful enemy. Only bonded together do they have the power to win the battles ahead. With one

look into his icy-blues, Sarah knows that Romaric is not the aloof, uncaring enigma he pretends to be. Underneath his cool, rough exterior lays a passionate, romantic and fiercely loving heart of gold. As they fight the battles to come, Sarah holds the key to not only unlocking his centuries hardened soul, but to the one thing that will save them both from this new nemesis. But will she make her decision in time? And will they finally get the happiness they both deserve?

North American Wildland Plants - James L. Stubbendieck
2017-05

North American Wildland Plants contains descriptions of the salient characteristics of the most important wildland plants of North America. This comprehensive reference assists individuals with limited botanical knowledge as well as natural resource professionals in identifying wildland plants. The two hundred species of wildland plants in this book were selected because of their abundance, desirability, or poisonous properties. Each

illustration has been enhanced with labels pointing to key characteristics to facilitate the identification of unknown plants. Each plant description includes plant characteristics, an illustration of the plant with enlarged parts, and a general distribution map for North America. Each species description includes nomenclature; life span; origin; season of growth; inflorescence, flower or spikelet, or other reproductive parts; vegetative parts; and growth characteristics. Brief notes are included on habitat; livestock losses; and historic, food, and medicinal uses. This third edition contains additional refinements in the nomenclature, distribution, illustrations, and descriptions of plants.

Where We Come From -

Oscar Cásares 2020-04-07

ONE OF KIRKUS REVIEWS' BEST BOOKS OF THE YEAR "A

richly conceived and devastating book about the border." —Houston Chronicle From a distance, the towns along the U.S.-Mexican border have dangerous reputations, and Brownsville is no different. But to twelve-year-old Orly, it's simply where his godmother Nina lives—and where he is

being forced to stay the summer after his mother's sudden death. Nina, however, has a secret: she's providing refuge for a young immigrant boy named Daniel, for whom traveling to America has meant trading one set of dangers for another. Separated from the violent human traffickers who brought him across the border and pursued by the authorities, Daniel must stay completely hidden. And Orly's arrival threatens to put them all at risk of exposure. Tackling the crisis of U.S. immigration policy from a deeply human angle, *Where We Come From* explores through an intimate lens the ways that family history shapes us, how secrets can burden us, and how finding compassion and understanding for others can ultimately set us free.
