America's Preacher and His Message - Timo Pokki 1999

Although the popular literature concerned with Billy Graham as an evangelical icon is vast, there have been few serious academic considerations of his religious views. In *America's Preacher and His Message*, Timo Pokki provides the most extensive systematic analysis to date on Graham's theology, paying particular attention to views surrounding conversion and sanctification. The study not only provides a detailed analysis of Graham's thoughts on these topics, but also investigates the impact of Calvinism and Arminianism on revivalism and evangelicalism in general.

Triumph - H.W. Crocker III 2003-09-23

For 2,000 years, Catholicism—the largest religion in the world and in the United States—has shaped global history on a scale unequaled by any other institution. But until now, Catholics interested in their faith have been hard-pressed to find an accessible, affirmative, and exciting history of the Church. *Triumph* is that history. Inside, you'll discover the spectacular story of the Church from Biblical times and the early days of St. Peter—the first pope—to the twilight years of John Paul II. It is a sweeping drama of Roman legions, great crusades, epic battles, toppled empires, heroic saints, and enduring faith. And, there are stormy controversies: Dark Age skullduggery, the Inquisition, the Renaissance popes, the Reformation, the Church's refusal to accept sexual liberation and contemporary allegations like those made in Hitler's Pope and Papal Sin. A brawling, colorful history full of inspiring pageantry and spirited polemic, *Triumph* will exhilarate, amuse, and infuriate as it extols the glories of Catholic history and the gripping stories of its greatest men and women.

The Sacraments - Joseph Martos 2009-08-01

What are the sacraments, really? For centuries, the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects. What, precisely, are those effects, and how are they produced? Traditional theology used Greek philosophy to understand the sacraments and how they work. But is there no other way to understand them? In fact, there are a number of ways, and this book invites you to look at the sacraments through a variety of lenses: psychology, sociology, anthropology, history, theology, morality, and spirituality. As the introduction to this volume challenges, "If you read this book, and especially if you engage in the interactive study to which it invites you, your understanding of sacraments will be changed forever." To help personalize your investigation, the author has created a web site with thought-provoking questions that encourage you to interact with the ideas being proposed in this volume. To engage these topics more deeply, see www.TheSacraments.org.

The Holy See, Social Justice, and International Trade Law - Rev. Dr. Alphonsus Ihuoma 2018-06-30

The Holy See, Social Justice, and International Trade Law: Assessing the Social Mission of the Catholic Church in the GATT-WTO System highlights the uniqueness of the Catholic Church as the foremost institution in the world that can confront issues in world trade that affect the common good. The distinguished author Rev. Dr. Alphonsus Ihuoma provides a superbly broad and deep examination that is both scholarly and practical of the mission of the Catholic Church in the world as one that centers on the temporal and eternal needs of humanity. His discussion treats thoughtfully the mediatory role of the church in world affairs and argues persuasively that the church has been engaged in this role since its very beginning, even before nations embraced organized politics two thousand years ago. This remarkable book is a great tool for any reader seeking to know more about the unique position of the church in world affairs, especially in the GATT-WTO system. The book rightly lauds the church's achievements in history. But it equally and rightly argues that the church must do more to address present challenges in the world trading system. Readers will be enlightened by the treatment of the failures of the GATT-WTO system in pursuing the objectives for which it was established, the church's efforts to pursue vital related objectives, and the need for her to do more.

Faith and Money - Lisa A. Keister 2011-09-05

For those who own it, wealth can have extraordinary advantages. High levels of wealth can enhance educational attainment, create occupational opportunities, generate social influence and provide a buffer against financial emergencies. Even a small amount of savings can improve security, mitigate the effects of job loss and other financial setbacks and improve well-being dramatically. Although the benefits of wealth are significant, they are not enjoyed uniformly throughout the United States. In the United States, because religion is an important part of cultural orientation, religious beliefs should affect material well-being. This book explores the way religious orientations and beliefs affect Americans' incomes, savings and net worth.

Why Be Catholic? - Patrick Madrid 2014-06-03

The popular blogger and publisher of Envoy magazine offers 10 key reasons why he loves being Catholic (and you should too). Drawing heavily on poignant anecdotes from his own experience as a life-long Catholic born in 1960s, Madrid offers readers a way of looking at the Church--its members, teachings, customs, and history--from perspectives many may have never considered. Growing up Catholic during a time of great social and theological upheaval and transition, a time in which countless Catholics abandoned their religion in search of something else, Patrick Madrid learned a great deal about why people leave Catholicism and why others stay. This experience helped him gain many insights into what it is about the Catholic Church that some people reject, as well as those things that others treasure. Drawing upon Madrid's personal experiences, *Why Be Catholic?* offers a deeply personal, fact-based, rationale for why everyone should be Catholic or at least consider the Catholic Church in a new light.

Religion and Economics - Resit Ergener 2020-04-29

This book allows the reader to have an overview of the relations between religion and economics throughout history. pooling of labor and to the definition of groups. This book surveys the various roles played by religion in economic life through the ages, which include the justification of the exploitation of nature, the expansion of trade, the emergence of inequality and of charity, the definition, enhancement and attenuation of hierarchies of dominance, the provision of various services and of the impact religion has had on economic performance at the micro and macro levels.

Exodus from Rome Volume 1 - Dr. Todd D. Baker 2014-05-01

Written by a former Roman Catholic of eighteen years and former candidate for the Roman Catholic priesthood, Dr. Todd Baker objectively and honestly examines the grandiose claims of the Papacy and the Roman Catholic Church in the critical light of Scripture and the evidence of history to show where Rome has greatly erred. This multi-volume work provides a controversial overview on the basic doctrines distinctive of Roman Catholicism so the open Catholic can learn how these beliefs, practices, and traditions of Rome contradict Scripture and do not have the support of a consistent, uniform history from the days of Jesus, the apostles, and the first three centuries of the early church and on. With over 1 billion adherents to the Roman Catholic Church, it is incumbent for the Bible believer to know the difference between the real Gospel of Scripture versus the Gospel of Rome and how they are not one and the same Gospel in the end. In a day of man-pleasing, ecumenical compromise with Rome, this book is sorely needed to remind the Protestant church that the real differences between Rome and the Bible have not changed since the Reformation, and must be reiterated and defended today on the exclusive ground of Scripture alone being the supreme authority in faith and practice for every Christian believer! Dr. Todd D. Baker is president of Brit Hadashah Ministries and Pastor of Shalom, Shalom Messianic Congregation in Dallas, Texas. He holds a Bachelor of Science degree in biblical studies, a Master of Theology degree from Dallas Theological Seminary, and a Ph.D. in Philosophy and Apologetics from Trinity Seminary under the auspices of Liverpool University at Liverpool, England. He is the staff theologian and writer for Zola Levitt Ministries and has appeared on the television program Zola Levitt Presents several times. With his extensive experience in Jewish evangelism, he conducts Gospel outreaches to Israel three times a year.
