## **The Secrets to Masterful Meetings** - Michael Wilkinson 2005

"That was an awful meeting. What a waste of my time!" How often have you had this same thought? Why do we tolerate bad meetings? Consider the last meeting you attended. How many of these pitfalls were evident? - Did not start on time. - Missing key people. - Lacked a clear purpose. - No agenda. - Few people engaged. - One or two people dominated. - Discussion wandered, repeatedly. - Key issues were not addressed. - No decisions made. - No follow-up actions. - The meeting was not worth the time. Have we lowered the bar so far that bad meetings have become the norm? Enough is enough. It is time to ignite a meetings revolution. How Do You Transform a Bad Meeting Culture? In *The Secrets to Masterful Meetings*, Michael Wilkinson provides leaders with a step-by-step guide for igniting a meetings revolution. The result: a complete culture transformation in which bad meetings become unacceptable! This book supplies a step-by-step guide for igniting and sustaining a meetings revolution which, if successful, will permanently change the way meetings are run in an organization. In his book, Wilkinson recommends that executives empower their people with a set of meeting rights. He then provides a comprehensive meetings transformation program that equips meeting leaders and meeting participants with tools for masterful meetings. What this Book Contains - 10 Meeting Rights to empower every participant. - 10 steps to transform your meeting culture. - 15

meeting problems and how to address them. - 4 strategies for eliminating unneeded meetings. - 6 tips for getting meetings started on time. - 3 robust tools for resolving disagreements. - 4 techniques for rescuing poorly run meetings. - 14 strategies for maximizing virtual meetings. - 6 agendas to use to gain the results you want. - 4 checklists for executing Masterful Meetings. - And much more. Give Yourself a Gift. Give a copy of this book to everyone whose meetings you attend: a gift that truly keeps on giving!

## *The HR Value Proposition* - David Ulrich 2005-05-11

The international best seller Human Resource Champions helped set the HR agenda for the 1990s and enabled HR professionals to become strategic partners in their organizations. But earning a seat at the executive table was only the beginning. Today's HR leaders must also bring substantial value to that table. Drawing on their 16-year study of over 29,000 HR professionals and line managers, leading HR experts Dave Ulrich and Wayne Brockbank propose *The HR Value Proposition*. The authors argue that HR value creation requires a deep understanding of external business realities and how key stakeholders both inside and outside the company define value. Ulrich and Brockbank provide practical tools and worksheets for leveraging this knowledge to create HR practices, build organizational capabilities, design HR strategy, and marshal resources that create value for customers, investors, executives,

and employees. Written by the field's premier trailblazers, this book charts the path HR professionals must take to help lead their organizations into the future. Ulrich is a professor at the University of Michigan School of Business and the author of 12 books and more than 100 articles on the subject of human resources. Brockbank is a clinical professor of business at the University of Michigan School of Business, the author of award-winning papers on HR strategy, and an adviser to top global organizations.

**Aligning Human Resources and Business Strategy** - Linda Holbeche  
2009-06-04

What difference can the aspiring HR strategist really make to business value? In the new edition of her ground-breaking book, Linda Holbeche answers this question and provides the tools and insights to help HR managers and directors add value to the organization by implementing effective HR initiatives that are aligned to core business strategies.

Featuring updated profiles and case studies from top HR strategists who have used their skills to deliver a variety of key business objectives, *Aligning Human Resources and Business Strategy*, 2nd edition provides inspiration and guidance on how to apply the theory to challenges in your organization. Learn how you can strengthen and prove the relationship between people strategy and business success through your approach to performance and development and impress at the highest levels with this new edition of an HR classic. Linda Holbeche is Director of Research and Policy at the Chartered Institute of Personnel and Development (CIPD). Linda chairs and speaks at meetings and conferences worldwide and appeared at number six in *Human Resources* magazine's HR most influential 2008 roll call of top industry thinkers.

**Marketing Management and Communications in the Public Sector** - Martial Pasquier  
2017-08-18

This updated edition of *Marketing Management and Communications in the Public Sector* provides a thorough overview of the major concepts in public sector marketing and communications, two fields that have continued to grow in importance for modern public administrations. With extended coverage of topics such as social marketing and institutional

communication, the authors skilfully build on the solid foundations laid down in the previous edition. Replete with real-world case studies and examples, including new material from the USA, Australia, and Asia, this book gives students a truly international outlook. Additional features include exercises and discussion questions in each chapter and an illustrative extended case study. This refreshed text is essential reading for postgraduate students on public management degrees, and aspiring or current public managers. The Open Access version of this book, available at <http://www.taylorfrancis.com/books/e/9781315622309>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

**The Public Administrator's Companion** - Sandra Emerson  
2010-02-01  
Help your students make the leap from theory to practice. This handy guide emphasizes application with straightforward instruction and abundant case material. It provides brief, tested steps for addressing management, resource, and operational needs, encouraging students to develop and hone crucial skills. Each chapter includes "Practicing Public Administration" exercises that range from preparing a sample budget to designing a flowchart to doing a SWOT analysis. With a particular focus on ethics, students are not only prepared to address daily tasks, but also to think through sticky moral dilemmas.

**Tools for Project Management, Workshops and Consulting** - Nicolai Andler  
2016-09-07

"This book is of the kind you always wanted but didn't think would or could ever exist: the universal field theory of problem solving." Tom Sommerlatte  
Typically today's tasks in management and consulting include project management, running workshops and strategic work - all complex activities, which require a multitude of skills and competencies. This standard work, which is also well accepted amongst consultants, gives you a reference or cookbook-style access to the most important tools, including a rating of each tool in terms of applicability, ease of use and effectiveness. In this considerably enlarged third edition, Nicolai Andler presents 152 of such tools, grouped into task-specific categories: Definition of a Situation/Problem - Information Gathering - Creativity -

Information Consolidation - Goal Setting - Strategic, Technical and Organisational Analysis - Evaluation and Decision Making - Project Management. Checklists and Application Scenarios further enhance the use of this toolbox. Information provided by this book is: - comprehensive and sufficiently wide in scope, combined with a practical level of detail without being too academic - reliable and proven in numerous real implemented cases - easy to apply due to many different search options, checklists, application scenarios and guiding instructions. Written by a professional consultant, business analyst and business coach, this book is a unique reference work and guide for those wanting to learn about or who are active in the fields of consulting, project management and problem solving in general, both in business and engineering: business coaches and management trainers, workshop moderators, consultants and managers, project managers, lecturers and students.

*Exploring Corporate Strategy* - Gerry Johnson 2009-12

An extensive process of market research & product development has formed the basis for this new edition. It covers all of the underlying concepts, processes of development & analytical methods of corporate strategy within a variety of organisations.

**Company Analysis** - Per V. Jenster 2001-05-25

It is vital for organisations to use company analysis to gain understanding of their limiting and enabling factors and strategic capabilities. Profits can then be maximised by selecting the most effective strategies, and through successful implementation of mergers, acquisitions and divestment opportunities. In this book Jenster and Hussey move away from the opinion based SWOT analysis commonly used, to provide a more objective step-by-step approach to objectively analysing an organisation. This important task is clearly explained, with information helpfully displayed in diagrams, and checklists of critical questions provided. In addition to the key, functional areas of management, corporate-wide approaches such as core competencies, critical success factors, industry analysis and the value chain are also examined. The book is illuminated with examples from the authors' own experiences, resulting in a practical and effective approach which will

provide a foundation for corporate strategy and add a strategic dimension to a due diligence study - and so prove invaluable to MBA students and lecturers in strategic management. Every manager will be asked to participate in assessing strengths and weaknesses at some time in their career, and this book enables a considerable improvement to be made to many commonly used methods - and for those responsible for the development of strategies, it offers even more.

[The Green Book](#) - Great Britain. Treasury 2003

This new edition incorporates revised guidance from H.M Treasury which is designed to promote efficient policy development and resource allocation across government through the use of a thorough, long-term and analytically robust approach to the appraisal and evaluation of public service projects before significant funds are committed. It is the first edition to have been aided by a consultation process in order to ensure the guidance is clearer and more closely tailored to suit the needs of users.

**Bulletin of the Atomic Scientists** - 1969-02

The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic "Doomsday Clock" stimulates solutions for a safer world.

**Human Resources in Healthcare** - Bruce Fried 2015

Instructor Resources: PowerPoint slides, chapter overviews, suggested class activities and assignments, and a transition guide to the new edition. Chapter 13 Excel Model for Students ([click here for access](#)) Human Resources in Healthcare: Managing for Success, Fourth Edition, presents the techniques and practices behind effective management of people--the healthcare profession's most important asset. It provides the concepts and practical tools necessary for meeting the unique challenges in today's healthcare environment. This edition has been thoroughly revised and includes the following new content: An expanded chapter on employment law and employee relations A new chapter on credentialing of healthcare providers A thorough update on staff recruitment, selection, and retention practices An expanded section on performance

management, including workplace bullying A new chapter on workforce planning in a rapidly changing healthcare system A new chapter on nurse staffing in healthcare organizations New problem-based learning cases to engage students and expand learning comprehension Updated short cases, discussion questions, and exercises throughout

[The Palgrave Handbook of Public Administration and Management in Europe](#) - Edoardo Ongaro 2017-11-27

This Handbook offers a systematic review of state-of-the-art knowledge on public administration in Europe. Covering the theoretical, epistemological and practical aspects of the field, it focuses on how public administration operates and is studied in European countries. In sixty-three chapters, written by leading scholars, this Handbook considers the uniqueness of the European situation through an interdisciplinary and comparative lens, focusing on the administrative diversity which results from the multiplicity of countries, languages, schools of thought and streams of investigation across Europe. It addresses issues such as multi-level administration and governance, intensive cross country cooperation in administrative reform policy, and public accountability under different systems. It also considers the issue of welfare service delivery, at a time of major economic and societal challenges, as well as understudied emerging issues like Islamic Public Administration and the dynamics of public sector negotiations. With contributions from key experts in Public Administration and Public Management, this cutting edge Handbook offers a significant contribution to the field of comparative public administration, policy and management.

**Strengthening Forensic Science in the United States** - National Research Council 2009-07-29

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and

promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

*Human Resource Champions* - David Ulrich 1996-10-30

The author argues that the roles of human resource professionals must be redefined to meet the competitive challenges organizations face today and into the future. He provides a framework that identifies four distinct roles of human resource professionals: strategic player, administrative expert, employee champion, and change agent. He includes many examples to demonstrate that human resource professionals must operate in all four areas simultaneously in order to contribute fully. He urges a shift of these professionals' mentality from "what I do" to "what I deliver" and makes specific recommendations for how individuals in human resources can partner with line managers to make organizations more competitive.

**Wiley Encyclopedia of Management** - Cary L. Cooper 2014-11-10  
Now in its third edition, this multi-volume Encyclopedia of Management, has been revised and updated to chart the major developments that have occurred in: digital technologies; ethics and governance-related issues; innovation; emerging markets; organizational networks; and new avenues of sustainable business growth. Providing comprehensive

coverage of the field of management the encyclopedia spans thirteen subject volumes plus and index, providing a landmark work of reference for scholars, students and professionals. New to this edition: Technology & Innovation Management , Volume 13, V K Narayanan & Gina O'Connor. The encyclopedia is available online through Wiley Online Library, a major database of Journals, Handbooks and reference in the field.

*Closing the Execution Gap* - Richard Lepsinger 2010-05-11

**CLOSING THE EXECUTION GAP** Once upon a time strategy was king. Leaders immersed themselves in the matter of planning how best to achieve their company's goals. The subject dominated the attention of senior executives and the writings of consultants and management gurus. Experts of various stripes weighed in on how to put strategic planning processes in place and transform employees at all levels into strategic thinkers. Naturally, leaders assumed all this strategizing would pay off. And yet, for too many organizations the promised results never came to pass. Quite simply, they couldn't execute. Now, the business world has shifted its focus to the consistent delivery of results. If an organization can't execute its plans and initiatives, nothing else matters: not the most solid, well thought-out strategy, not the most innovative business model, not even technological breakthroughs that could transform an industry. As it turns out, the "conventional wisdom" about what it takes to implement strategy and deliver results isn't all that wise. So what really differentiates the companies that are able to get things done day-to-day and deliver consistent results? The answer is found in the pages of Richard Lepsinger's ground-breaking book, *Closing the Execution Gap*. Based on extensive research and years of practical experience, the book outlines five prerequisites for effective execution and five "Bridges" that differentiate companies that do it best. It also describes six "Bridge Builders" leaders at all levels can use to close the execution gap in their company or team and help people get things done. Specifically, it addresses: What really gets in the way of getting things done—for individuals, teams and entire companies What leaders can do to enhance their organization's ability to close the execution gap and

achieve solid business results What it takes to consistently execute plans and initiatives at a day-to-day operational level The book features many case studies of companies that have a track record of effective execution (Hewlett-Packard, Costco, Procter & Gamble) and those who have struggled with closing the gap between creating a vision and delivering results (Dell, American Airlines, GM). As the business world becomes more competitive and less forgiving, execution matters more than ever. This is a book for the times we live in—and one that for many companies could mean the difference between success and failure.

**Mastering a New Role** - National Academy of Engineering 1993-02-01

This book examines the changing character of commercial technology development and diffusion in an integrated global economy and its implications for U.S. public policies in support of technological innovation. The volume considers the history, current practice, and future prospects for national policies to encourage economic development through both direct and indirect government support of technological advance.

Strategic Human Resource Management - Jonathan H. Westover Ph. D. 2014-09-30

We live in an increasingly hyper-competitive global marketplace, where firms are fighting to stay lean and flexible in an effort to satisfy increasingly diverse and specialized consumer demand around the world. Additionally, with the shifting global economy in recent decades and the emergence of the technology and service-oriented knowledge organizations, how do organizations effectively foster a continuous learning and innovation culture, better motivate employees, and make sound organizational decisions? What can organizational leaders do to promote ongoing organizational agility that will have a measurable impact on increased firm effectiveness and employee productivity? How can organizations more successfully manage organizational knowledge to achieve strategic organizational goals and add value to all organizational stakeholders? These are just some of the pressing questions facing the organizations of today. *Strategic Human Resource Management* is a text that provides a comprehensive introduction to a broad range of HRM

topics and explores the wide sweeping impacts for the modern workplace, presenting a wide range of cross-disciplinary research and business cases in an organized, clear, and accessible manner. Additionally, unlike other HR texts, this book has a strong strategic management focus coupled with a focus on ethical leadership. It will be informative to management academics and instructors, while also instructing organizational managers, leaders, and human resource development professionals of all types seeking to understand proven practices and methods to creating organizational systems and culture to promote ongoing organizational learning and innovation to drive firm effectiveness in an increasingly competitive global economy. This text was compiled, edited, and adapted from multiple open source textbooks and created under a Creative Commons License without attribution as requested by the work's original creator or licensee. For a free copy of the e-text, please visit [HCIPress.org](http://HCIPress.org).

**Big Data** - 2011

**Project Management** - Harold Kerzner 2013-01-22

A new edition of the most popular book of project management case studies, expanded to include more than 100 cases plus a "super case" on the Iridium Project. Case studies are an important part of project management education and training. *Civilian Personnel Management: Dodi 1400.25* - Department Of Defense 2018-09-24

DODI 1400.25 Civilian Personnel Management - This book is Volume 1 of 4. This information was updated 8/22/2018. Buy the paperback from Amazon, get Kindle eBook FREE using Amazon MATCHBOOK. go to [www.usgovpub.com](http://www.usgovpub.com) to learn how. Volume 1. Chapter 100 to 805 Volume 2. Chapter 810 to 1406 Volume 3. Chapter 1407 to 1800 Volume 4. Chapter 2001 to 3007 (DCIPS)

The purpose of the overall Instruction is to establish and implement policy, establish uniform DoD-wide procedures, provide guidelines and model programs, delegate authority, and assign responsibilities regarding civilian personnel management within the Department of Defense. Why buy a book you can download for free? We print this book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. We look over each document carefully and replace poor quality images by going back to the original source document. We proof each document to make sure it's all there - including all changes. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the latest version from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these large documents as a service so you don't have to. The books are compact, tightly-bound, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a SDVOSB. [www.usgovpub.com](http://www.usgovpub.com)

**Managing People in Sport Organizations** - Tracy Taylor 2015-01-09

Managing People in Sport Organizations provides a comprehensive

overview of the theory and practice of managing people within a strategic framework. This revised and updated second edition examines a range of strategic human resource management approaches that can be used by sport organizations to respond to contemporary challenges and to develop a sustainable performance culture. Drawing on well-established conceptual frameworks and current empirical research, the book systematically covers every key area of HRM theory and practice, including: recruitment training and development performance management and appraisal motivation and reward organizational culture employee relations diversity managing change This new edition also includes expanded coverage of social media, volunteers, and individuals within organizations, and is supported with a new companion website carrying additional resources for students and instructors, including PowerPoint slides, exam questions and useful web links. No other book offers such an up-to-date introduction to core concepts and key professional skills in HRM in sport, and therefore *Managing People in Sport Organizations* is essential reading for any sport management student or any HR professional working in sport.

[OECD Reviews of Health Systems: Mexico 2016](#) - OECD 2016-01-07

Ten years after the introduction of publically-funded universal health insurance, the Mexican health system finds itself at a critical juncture.

### **Effective Succession Planning** - William Rothwell 2015-11-04

Nobody likes to lose good employees. But sometimes the loss of a key employee can be disruptive to the business at best, and completely disastrous at worst. Organizations that don't take steps to address future talent needs at all levels will face some major obstacles or even near collapse when undervalued key employees get burned out and leave you to fend for yourself. The most comprehensive book on the subject, the fifth edition of the bestselling *Effective Succession Planning* covers every base of how to address future talent needs before a crisis hits, including how to:

- Identify competencies and clarify organizational values
- Plan for and quickly fill crucial vacancies at all levels
- Develop and retain top talent
- Assess current needs and future resources for seamless succession planning
- And more

Updated with current best practices, trends, and technology, the latest edition also includes: succession planning for small businesses and nonprofits; replacement planning; transition management; downsizing; international issues; mergers and acquisitions as a talent strategy; and succession planning for technical positions as well as roles built on longstanding social relationships. Don't risk the loss of your most valued employees and their accumulated wisdom and experience that has been key to your company's success for many years. *Effective Succession Planning* is your go-to indispensable guide for avoiding the catastrophe that losing them would bring.

### *Human Resource Management in Context* - David Farnham 2015-02-13

HR functions within both internal and external contexts. The understanding of both contexts is crucial for comprehending how and why they drive HR strategies and practices in organizations, as well as the rules and structures within which they work. Built around five major themes which impact upon the HR function, and mapping to the CIPD Level 7 Advanced module of the same name, *Human Resource Management in Context* enables students to understand the complex and changing organizational context in which HR operates today by providing a comprehensive breakdown of the concepts, theories and issues from globalization and government policy to demographic, social and technological trends. This fully updated 4th edition of *Human Resource*

*Management in Context* includes a range of pedagogical features, balancing theory with practical analysis to form an engaging insight into the strategic side of HR. It includes enhanced emphasis on the impact of the external environment on the HR profession, a discussion of the impact of technology and social media, increased coverage of ethics and CSR and links to the HR Profession Map. Online supporting resources for lecturers include an instructor's manual, lecture slides, annotated web links and guidance for the chapter activities.

### **Execution** - Larry Bossidy 2009-11-10

#1 NEW YORK TIMES BESTSELLER • More than two million copies in print! The premier resource for how to deliver results in an uncertain world, whether you're running an entire company or in your first management job. "A must-read for anyone who cares about business."—The New York Times When *Execution* was first published, it changed the way we did our jobs by focusing on the critical importance of "the discipline of execution": the ability to make the final leap to success by actually getting things done. Larry Bossidy and Ram Charan now reframe their empowering message for a world in which the old rules have been shattered, radical change is becoming routine, and the ability to execute is more important than ever. Now and for the foreseeable future:

- Growth will be slower. But the company that executes well will have the confidence, speed, and resources to move fast as new opportunities emerge.
- Competition will be fiercer, with companies searching for any possible advantage in every area from products and technologies to location and management.
- Governments will take on new roles in their national economies, some as partners to business, others imposing constraints. Companies that execute well will be more attractive to government entities as partners and suppliers and better prepared to adapt to a new wave of regulation.
- Risk management will become a top priority for every leader. Execution gives you an edge in detecting new internal and external threats and in weathering crises that can never be fully predicted. Execution shows how to link together people, strategy, and operations, the three core processes of every business. Leading these processes is the real job of

running a business, not formulating a “vision” and leaving the work of carrying it out to others. Bossidy and Charan show the importance of being deeply and passionately engaged in an organization and why robust dialogues about people, strategy, and operations result in a business based on intellectual honesty and realism. With paradigmatic case histories from the real world—including examples like the diverging paths taken by Jamie Dimon at JPMorgan Chase and Charles Prince at Citigroup—Execution provides the realistic and hard-nosed approach to business success that could come only from authors as accomplished and insightful as Bossidy and Charan.

*Human Resource Management in Consulting Firms* - Michel E. Domsch  
2006-04-22

This book presents insider reports from high-profile international consultancies which allow practitioners, scholars and graduates to gain a rare, unvarnished insight into people management in business consulting. In addition to a comprehensive overview of existing H-R systems, the book provides details of practices dealing with issues such as value-oriented corporate culture, gender diversity management, employability, leadership development, knowledge management and employer branding.

Learn to recruit with precision Create a robust interview process Close the deal with a winning offer Find out how to work with professional recruiters Discover how to find the best talent and retain and attract clients with the help of Executive Recruiting For Dummies.

**Hospital Marketing** - 1986

*In Search of Excellence* - Thomas J. Peters 2012-11-27

The "Greatest Business Book of All Time" (Bloomsbury UK), *In Search of Excellence* has long been a must-have for the boardroom, business school, and bedside table. Based on a study of forty-three of America's best-run companies from a diverse array of business sectors, *In Search of Excellence* describes eight basic principles of management -- action-stimulating, people-oriented, profit-maximizing practices -- that made these organizations successful. Joining the HarperBusiness Essentials series, this phenomenal bestseller features a new Authors' Note, and reintroduces these vital principles in an accessible and practical way for today's management reader.

*Strategic Human Resource Development* - Jim Griesemer 2003-02-18

By challenging the reactive, prescriptive and formulaic theories of late 20th century change management, *Strategic Human Resource Development* seeks to draw the boundaries for a new discipline that views change as an internal and proactive approach to organizations.

*Reinventing Jobs* - Ravin Jesuthasan 2018-09-18

How to Optimize Human-Machine Work Combinations Your organization has made the decision to adopt automation and artificial intelligence technologies. Now, you face difficult and stubborn questions about how to implement that decision: How, when, and where should we apply automation in our organization? Is it a stark choice between humans

versus machines? How do we stay on top of these technological trends as work and automation continue to evolve? Work and human capital experts Ravin Jesuthasan and John Boudreau present leaders with a new set of tools to answer these daunting questions. Transcending the endless debate about humans being replaced by machines, Jesuthasan and Boudreau show how smart leaders instead are optimizing human-automation combinations that are not only more efficient but also generate higher returns on improved performance. Based on groundbreaking primary research, *Reinventing Jobs* provides an original, structured approach of four distinct steps--deconstruct, optimize, automate, and reconfigure--to help leaders reinvent how work gets bundled into jobs and create optimal human-machine combinations. Jesuthasan and Boudreau show leaders how to continuously reexamine what a job really is, and they provide the tools for identifying the pivotal performance value of tasks within jobs and how these tasks should be reconstructed into new, more optimal combinations. With numerous examples and practical advice for applying the four-step process, *Reinventing Jobs* gives leaders a more precise, planful, and actionable way to decide how, when, and where to apply and optimize work automation.
