The Hidden Children - Jane Marks 1995-03-14
They hid wherever they could for as long as it took the Allies to win the war -- Jewish children, frightened, alone, often separated from their families. For months, even years, they faced the constant danger of discovery, fabricating new identities at a young age, sacrificing their childhoods to save their lives. These secret survivors have suppressed these painful memories for decades. Now, in *The Hidden Children*, twenty-three adult survivors share their moving wartime experiences -- some for the first time. There is Rosa, who hid in an impoverished one-room farmhouse with three others, sleeping on a clay pallet behind a stove; Renee, who posed as a Catholic and was kept in a convent by nuns who knew her secret; and Richard, who lived in a closet with his family for thirteen months. Their personal stories of belief and determination give a voice, at last, to the forgotten. Inspiring and life-affirming, *The Hidden Children* is an unparalleled document of witness, discovery, and the miracle of human courage.

Children, Media And Culture - Messenger Davies, M?ire 2010-04-01

Childhood and children's culture are regularly in the forefront of debates about how society is changing - often, it is argued, for the worse. Some of the most visible changes are new media technology; digital television; the internet; portable entertainment systems such as games, mobile phones, i-pods and so on. Television, the most popular medium with children for the last thirty years, is becoming less so. This book is intended to broaden the public debate about the role of popular media in children's lives. Its definition of 'media' is wide-ranging: not just television and the internet, but also still-popular forms such as fairy tales, children's literature - including the triumphantly successful Harry Potter series - and playground games. It sets these discussions within a framework of historical, sociological and psychological approaches to the study of children and childhood. At times of rapid technological change, public anxieties always arise about how children can be protected from new harmful influences. The book addresses the perennial controversies around media 'effects' from a range of academic perspectives. It examines critically the view that technology has dramatically changed modern children's lives, and looks at how technology has both changed, and sustained, children's cultural experiences in different times and places. Does new interactive technology give children a 'voice'? It can permit children to be their own authors and to engage

in civil society, as well as to explore taboo and potentially dangerous areas. The book discusses how children can use technology to enhance their role as 'citizens in the making', as well its utilizing more playful applications. The book includes interviews with both producers and consumers - media workers, and children and their families, and has historical and contemporary illustrations.

2015-07-19

The conventional narrative concerning religious terrorism inside the United States says that the first salvo occurred in 1993, with the first attack on the World Trade Center in New York City. This narrative has motivated more than a decade of wars, and re-prioritized America's domestic security and law enforcement agenda. But the conventional narrative is wrong. A different group of jihadists exists within US borders. This group has a long but hidden history, is outside the purview of public officials and has an agenda as apocalyptic as anything Al Qaeda has to offer. Radical sects of Christianity have inspired some of the most grotesque acts of violence in American history: the 1963 Birmingham Church bombing that killed four young girls; the "Mississippi Burning" murders of three civil rights workers in 1964; the assassination of Martin Luther King, Jr. in 1968, the Atlanta Child Murders in the late 1970s; and the Oklahoma City Bombing in 1995. *America's Secret Jihad* uses these crimes to tell a story that has not been told before. Expanding upon the author's ground-breaking work on the Martin Luther King, Jr. murder, and through the use of extensive documentation, never-before-released

interviews, and a re-interpretation of major events, America's Secret Jihad paints a picture of Christian extremism and domestic terrorism as it has never before been portrayed.

Parenting That Makes Cents - Sabrina Raber 2020-05-31

This book is the culmination of a lifelong dream - empowering people to live a more positive, purpose-driven life. It is the first of many forthcoming resources geared toward helping families develop a strong financial foundation. I learned a great deal about money from the many stories my father shared regarding clients and the financial mistakes they made. When I was eight years old, my father decided to bring me to his business conferences. I went to the same conference for several years, and each year, the speaker repeatedly preached financial reform. I

often wondered how so many adults found themselves in financial difficulty. As an eight-year-old, I did not understand the complexities of money - but I knew people were not handling money well. I could even see my childhood friends spending their nickels and dimes on candy and toys. As I grew older, I continued carrying the desire to make a difference in the lives of people everywhere. I realized that my seemingly insignificant idea was on track to save kids from growing up to be the same drowning-in-debt adults I sat next to every year at the conference. Somehow, I knew any changes needed to start with the parents. If parents understood how to save, spend, and share their money the right way, their children would grow up able to pay off their student loans, buy a house, and live a worry-free financial life. My father and I teamed up to bring this message to you. Our knowledge and our passion to help is now in your hands. I hope this book is able to help because I know these lessons can change the world, one child at a time.

Generation Multiplex - Timothy Shary
2014-04-01

Generation Multiplex (2002) was the first comprehensive study of the representation of teenagers in American cinema since David Considine's *Cinema of Adolescence* in 1985. This updated and expanded edition reaffirms the idea that films about youth constitute a legitimate genre worthy of study on its own terms. Identifying four distinct subgenres—school, delinquency, horror, and romance—Timothy Shary explores hundreds of representative films while offering in-depth discussion of movies that constitute key moments in the genre, including *Fast Times at Ridgemont High*, *A Nightmare on Elm Street*, *The Breakfast Club*, *Say Anything . . .*, *Boyz n the Hood*, *Scream*, *American Pie*, *Napoleon Dynamite*, *Superbad*, *The Twilight Saga*, and *The Hunger Games*. Analyzing developments in teen films since 2002, Shary covers such topics as the increasing availability of movies on demand, which has given teens greater access to both popular and lesser-seen films; the recent dominance of supernatural and fantasy films as a category within the genre; and how the ongoing commodification of teen images in media affects real-life issues such as school bullying, athletic development, sexual identity,

and teenage pregnancy.

ALL THE POLITICANS ARE GAY ALL THE ACTORS ARE GAY, ALL THE BAD COPS ARE GAY. MOST OF THEM STILL LIVE IN THE CLOSET. FREEDOM OF RELIGION DOES NOT MEAN LET PEOPLE COME INTO THIS COUNTRY AND BLOW US UP AND THE EXCUSE IS THEY ARE NOT ALL LIKE THAT. BE FRUITFUL AND REPRODUCE DOES NOT MEAN YOU CAN CROSS ANYTHING WITH ANYTHING AND SOMETHING AS GOOD OR BETTER WILL COME OUT OF FOR A EXAMPLE CROSS A BULL DOG WITH A HUNTING DOG AND YOU WILL HAVE A WEAKER DOG THAT CAN'T HUNT. CROSS A BEEF COW WITH A MILK COW AND YOU WILL WILL GET A SMALLER COW THAT DOSENT GIVE AS MUCH MILK. CROSS A DONKEY WITH A HIGH BRED HORSE AND YOU GET A MULE. CROSS SOMETHING STUPID, WITH SOMETHING SMART AND YOU WILL GET SOMETHING STUPID AND MEANER. BY THE WAY SOMETHING STUPID IS IN ALL RACES. ALL HOMOSEXUAL. OUT ALONG TIME AGO, YOU CAN BELIEVE WHAT EVER YOU WANT BUT THESE TYPE STATISTICS CAN'T BE DENIED. NOW LETS HELP THE CHILDREN MORE BY PAYING HOMOSEXUALS AND LESBIANS TO ADOPT THEM.THATS WHY I'M DISGUSTED WITH THIS GODDAM PIECE OF SHIT COUNTRY. THAT'S ALL FOLKS POPEYE 11

Secrets of the Most Holy Place, Vol. 2 - Don Nori 2011-07-28

Heaven is my destination, but it is not my destiny. Many will reach their destination, but few will achieve their destiny. Prophetic parable matures into prophetic reality as His presence draws us into the realm of 'all God.' Here, what we believe becomes what we experience and what we know becomes flesh in mere mortal man. When we leave Egypt, we leave the bondage we hate, but when we leave the wilderness, we must leave the sin we crave. But He will not condemn what He has redeemed. His Blood covers us until His Power delivers us. This book is not for the casual reader. It is for those who hunger, not for education, but for reality; not for religion, but for Him. The world awaits the love of a people who know they are forgiven.
