The Queen's Adept - Rodolfo Martínez 2015-04-01

The People's Covenant and God's Hammer have raged a Cold War that has lasted for over twenty years. A war without armies, where battles are fought in the dark and information is the most dangerous weapon. In this world—which sometimes seems the Middle Ages, sometimes the Renaissance and sometimes the Nineteenth Century—lives Yáxtor Brandan, empirical adept at the service of the Queen of Alboné. A relentless, amoral and unscrupulous character, Yáxtor fights to recover his own past as he tries to prevent a new player in the espionage game to end the world, as he knows it. A fascinating fast-moving and complex plot, full of tension and surprises and excellently paced; a main character for whom it should be impossible to feel the slightest sympathy, and yet somehow we do, even as his cruelty disturbs us more and more -an extremely difficult feat to pull off so successfully; powerful secondary

actors, who either leave you with a sense of uneasiness with regard to their motivations and loyalties, or make you want to shout out -as people did in the early days of cinema- "Look out, don't trust him!"; and a pervading atmosphere of tragedy, especially in a final unexpected and shocking, yet on reflection almost inevitable, scene. In short, a totally addictive and highly original novel set in a world that is at once both strangely familiar and disturbingly alien. —Steve Redwood, author of *Fisher of Devils*.

God's Chosen Fast - Arthur Wallis 2011

Arthur Wallis offers this balanced study on fasting, and seeks to give to the subject the weight that Scripture gives it while also avoiding exaggeration and over-emphasis. Glamour, Greed & Glory - Judith A. Moose 2005-10

Public Policy in International Economic Law - Diane A. Desierto 2015

States reject inequality when they choose to ratify the International Covenant on Economic, Social and Cultural Rights (ICESCR), but to date the ICESCR has not yet figured prominently in the policy calculus behind States' international economic decisions. This book responds to the modern challenge of operationalizing the ICESCR, particularly in the context of States' decisions within international trade, finance, and investment. Differentiating between public policy mechanisms and institutional functional mandates in the international trade, finance, and investment systems, this book shows legal and policy gateways for States to feasibly translate their fundamental duties to respect, protect, and fulfil economic, social and cultural rights into their trade, finance, and investment commitments, agreements, and contracts. It approaches the problem of harmonizing social protection objectives under the ICESCR with a State's international economic treaty obligations, from the designing and interpreting international treaty texts, up to the institutional monitoring and empirical analysis of ICESCR compliance. In

examining public policy options, the book takes into account around five decades of States' implementation of social protection commitments under the ICESCR; its normative evolution through the UN Committee on Economic, Social and Cultural Rights, and the Committee's expanded fact-finding and adjudicative competences under the Optional Protocol to the ICESCR; as well as the critical, dialectical, and deliberative roles of diverse functional interpretive communities within international trade, finance, and investment law. Ultimately, the book shows how States' ICESCR commitments operate as the normative foundation of their trade, finance, and investment decisions.

International Business - Mike W. Peng 2011

Mike Peng and Klaus Meyer have direct, first-hand, experience of researching and teaching in Europe, Asia and North America. This combined experience makes them uniquely qualified to write this textbook, which offers a comprehensive and accessible introduction to international business that starts from Europe but ultimately encompasses the globe. What Philosophy Can Tell You About Your Lover - Sharon M. Kaye 2012-05-08

Be warned—in your journey through this volume you will encounter many true stories. Some will make you laugh, others could make you cry, and all are enough to thoroughly embarrass the authors. These stories would never be allowed to see the light of day if they did not open the door to important truths about love. The authors speak to you, sometimes in their own voices, sometimes through dialogue, and sometimes through fiction. You will recognize yourself in their struggles and triumphs. Can the good life be attained without true love? What is jealousy? Is it possible to be a feminist and a heterosexual lover at the same time? What is the logic of the lovers' quarrel? Is rough sex immoral? Is pornography a great lover's friend or a foe? What did Plato, Aristotle, Kant, Nietzsche, Russell, Beauvoir, and other great geniuses of Western history have to say about what goes on under the boardwalk? Is there any freedom in love? Is erotic desire a function of body or spirit? What is the best kind of love? Is there such a thing as a soul mate? You will have to face these questions and more when you dare to ask what philosophy can tell you about your lover. Everyone who has experienced it knows that romantic love truly is a "crazy little thing." It keeps us awake at night and makes us do things we would never have dreamed we were capable of. In this volume twenty-five philosophy professors are gathered together to discuss various connections between romantic love and philosophy. They have left their tweed jackets and spectacles behind. It

is as though you have run into them by chance at a bar in some far away city where they are at ease, ready to tell you what they really think. Perhaps you have taken a few philosophy classes, or perhaps you always kind of wanted to. This is your chance to enjoy some deep reflection on one of life's greatest mysteries without any of the scholarly jargon, the academic pretenses, or the impossible exams. This volume will explain the lasting value of their ideas in simple, modern terms without the use of a single footnote.
