The tie-in edition of the nine-part CBS All Access series starring Whoopi Goldberg, Alexander Skarsgard, and James Marsden, premiering December 17, 2020. A patient escapes from a biological testing facility, unknowingly carrying a deadly weapon: a mutated strain of super-flu that will wipe out 99 percent of the world's population within a few weeks. Those who remain are scared, bewildered, and in need of a leader. Two emerge--Mother Abigail, the benevolent 108-year-old woman who urges them to build a peaceful community in Boulder, Colorado; and Randall Flagg, the nefarious "Dark Man," who delights in chaos and violence. As the dark man and the peaceful woman gather power, the survivors will have to choose between them--and ultimately decide the fate of all humanity. Stephen King's apocalyptic vision of a world blasted by plague and tangled in an elemental struggle between good and evil remains as riveting and eerily plausible as when it was first published.

Gwendy's Button Box - Stephen King 2017-08-07

Set in the fictional town of Castle Rock, Maine Stephen King teams up with long-time friend and award-winning author Richard Chizmar for the first time in this original, chilling novella that revisits the mysterious town of Castle Rock. There are three ways up to Castle View from the town of Castle Rock: Route 117, Pleasant Road, and the Suicide Stairs. Every day in the summer of 1974, twelve-year-old Gwendy Peterson has taken the stairs, which are held by strong—if time-rusted—iron bolts and zig-zag up the precarious cliffside. Then one day when Gwendy

gets to the top of Castle View, after catching her breath and hearing the shouts of kids on the playground below, a stranger calls to her. There on a bench in the shade sits a man in black jeans, a black coat, and a white shirt unbuttoned at the top. On his head is a small, neat black hat. The time will come when Gwendy has nightmares about that hat... The little town of Castle Rock, Maine has witnessed some strange events and unusual visitors over the years, but there is one story that has never been told—until now.

[The Institute](#) - Stephen King 2019-09-10

From #1 New York Times bestselling author Stephen King whose "storytelling transcends genre" (*Newsday*) comes "another winner: creepy and touching and horrifyingly believable" (*The Boston Globe*) about a group of kids confronting evil. In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis's parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at *The Institute*, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents—telekinesis and telepathy—who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and ten-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half,

"like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from the Institute. As psychically terrifying as Firestarter, and with the spectacular kid power of It, The Institute is "first-rate entertainment that has something important to say. We all need to listen" (The Washington Post).

[Playing the Race Card](#) - Linda Williams 2020-10-06

The black man suffering at the hands of whites, the white woman sexually threatened by the black man. Both images have long been burned into the American conscience through popular entertainment, and today they exert a powerful and disturbing influence on Americans' understanding of race. So argues Linda Williams in this boldly inquisitive book, where she probes the bitterly divisive racial sentiments aroused by such recent events as O. J. Simpson's criminal trial. Williams, the author of *Hard Core*, explores how these images took root, beginning with melodramatic theater, where suffering characters acquire virtue through victimization.

The racial sympathies and hostilities that surfaced during the trial of the police in the beating of Rodney King and in the O. J. Simpson murder trial are grounded in the melodramatic forms of *Uncle Tom's Cabin* and *The Birth of a Nation*. Williams finds that Stowe's beaten black man and Griffith's endangered white woman appear repeatedly throughout popular entertainment, promoting interracial understanding at one moment, interracial hate at another. The black and white racial melodrama has galvanized emotions and fueled the importance of new media forms, such as serious, "integrated" musicals of stage and film, including *The Jazz Singer* and *Show Boat*. It also helped create a major event out of the movie *Gone With the Wind*, while enabling television to assume new moral purpose with the broadcast of *Roots*. Williams demonstrates how such developments converged to make the televised race trial a form of national entertainment. When prosecutor Christopher Darden accused Simpson's defense team of "playing the race card," which ultimately trumped his own team's gender card, he feared that the jury's sympathy for a targeted black man would be at the expense of the abused white wife. The jury's verdict, Williams concludes, was determined not so much by facts as by the cultural forces of racial melodrama long in the making. Revealing melodrama to be a key element in American culture, Williams argues that the race images it has promoted are deeply ingrained in our minds and that there can be no honest discussion about race until Americans recognize this predicament.

The Authenticity of Execution Scenes Portrayed in "The Green Mile" - Merle Blunk 2019-03-25

Seminar paper from the year 2015 in the subject Cultural Studies - Miscellaneous, grade: 3,0, University of Rostock, language: English, abstract: In the late 1980s and the 1990s, the time Stephen King was working on his serial novels and movie 'The Green Mile', the newspapers reported of many execution errors comparable to Kemmler's execution. Stephen King was presumably concerned by these horrible incidents so that these reports may have influenced his writing. The thought that this movie was made to enlighten and arouse the

public, raises the question in which way these three executions in the movie resemble to authentic executions that took place over the years in the United States of America. To respond to this question this paper will give a summary of the movie 'The Green Mile' followed by descriptions of the three execution scenes. In the last part the three executions will be compared to real executions that took place in the USA and are discussed with regard to how accurate they are to reality. The thought of executing a person through electricity has its origin in the late 19th century. During that time technology developed very fast and people were fascinated by electricity. However, installing electrical items like street lights caused many fatal accidents. The number of deaths increased rapidly in the 1880s. Apparently the victims died within seconds without physical pain and visible marks of external forces on the bodies. Soon people thought that power generators might be useful for executions. David Hill, Governor of New York, engaged a three-member committee to proof if electricity is suitable for executions. After three years of research the result was that electrocutions caused a painless and instant death. It was seen as the most human and practical method to enforce the death penalty. The first electric chair was built in New York in 1888 (DPIC). Only two years later William Kemmler was the first person who got executed by electrocution in th

The Mouse on the Mile - Stephen King
2016-04-26

The Green Mile, Stephen King's #1 New York Times bestselling novel, was first published twenty years ago in six original paperback installments. Inspiration for the Oscar-nominated film starring Tom Hanks about an innocent man on death row, The Green Mile is now available for the first time in e-serial form. The Mouse on the Mile is Volume Two. Paul Edgecombe's story continues with the addition of two characters, one a new prisoner awaiting his own date with "Old Sparky," Cold Mountain's electric chair. He's William "Wild Bill" Wharton, a killer with an aim to cause as much trouble as he can before his execution date. The other newcomer is a mouse. Called Steamboat Willy by the guards who first noticed him, he's later renamed Mr. Jingles by Eduard Delacroix,

another of the death row inmates who eventually takes in the mouse and makes him his pet—a bit of cold comfort for a man condemned to walk the Green Mile.

If I Survive You - Jonathan Escoffery 2022-09-06
"If I Survive You is a collection of connected short stories that reads like a novel, that reads like real life, that reads like fiction written at the highest level." —Ann Patchett • "Kaleidoscopic, urgent, hilarious, revelatory and like nothing you've read before." —Marlon James • "May well be the buzziest debut of 2022." —Oprah Daily A September 2022 IndieNext Pick. A major debut, blazing with style and heart, that follows a Jamaican family striving for more in Miami, and introduces a generational storyteller. In the 1970s, Topper and Sanya flee to Miami as political violence consumes their native Kingston. But America, as the couple and their two children learn, is far from the promised land. Excluded from society as Black immigrants, the family pushes on through Hurricane Andrew and later the 2008 recession, living in a house so cursed that the pet fish launches itself out of its own tank rather than stay. But even as things fall apart, the family remains motivated, often to its own detriment, by what their younger son, Trelawny, calls "the exquisite, racking compulsion to survive." Masterfully constructed with heart and humor, the linked stories in Jonathan Escoffery's If I Survive You center on Trelawny as he struggles to carve out a place for himself amid financial disaster, racism, and flat-out bad luck. After a fight with Topper—himself reckoning with his failures as a parent and his longing for Jamaica—Trelawny claws his way out of homelessness through a series of odd, often hilarious jobs. Meanwhile, his brother, Delano, attempts a disastrous cash grab to get his kids back, and his cousin, Cukie, looks for a father who doesn't want to be found. As each character searches for a foothold, they never forget the profound danger of climbing without a safety net. Pulsing with vibrant lyricism and inimitable style, sly commentary and contagious laughter, Escoffery's debut unravels what it means to be in between homes and cultures in a world at the mercy of capitalism and whiteness. With If I Survive You, Escoffery announces himself as a prodigious storyteller in a class of his own, a

chronicler of American life at its most gruesome and hopeful.
