The Role of Multinational Companies in the Middle East - Mamarinta P. Mababaya 2002

This study investigated whether known economic and international business theories available in the literature are meaningful enough to explain the nature, existence and role of multinational companies (MNCs) in the Middle East, particularly Saudi Arabia. Two sets of questionnaires were distributed in major cities of Saudi Arabia -- one set for 100 multinational managers and another for 280 multinational customers. 234 questionnaires were collected -- 45 from multinational managers and 189 from customers. This represents a total response rate of 62 percent, which is adequate for this study. The empirical results, supported with comprehensive secondary data, confirmed virtually all of the research hypotheses. The study found that joint ventures are the dominant form of multinational business in Saudi Arabia, both in manufacturing and service industries. The core roles of MNCs in the Saudi-foreign ventures are evident in the cross-border value-adding activities of marketing, trading, manufacturing, consulting, contracting, project management, insurance, hotel operation and banking. Likewise,

MNCs provide licensing, franchising, financing services and various auxiliary roles in the Kingdom. Therefore, the multinationality of a firm or a group of firms operating across national boundaries is not necessarily synonymous with international production -- the main subject of contemporary multinational theories. The respondents generally perceived the competitiveness of MNCs operating in Saudi Arabia as a function of a number of economic, management, marketing, technological and other variables. They also perceived the contributions of MNCs to the Kingdom's socio-economic developments as significant and positive. The study also found that understanding Islamic values and ethics is important for MNCs. In this regard, the researcher looked at some objective indicators of business success and related them to selected measures of MNCs' local cultural awareness and responsiveness. The results indicate that the business success of multinationals operating in Saudi Arabia is positively related to their local cultural awareness and responsiveness. Along this line, this study covers some vital elements of Islamic culture, which will help MNCs understand further the cultural needs, values and sensitivities of the

Saudi people and Muslims in general.

Happily Ever Hereafter - 2017-10-15

“Nobody can live forever. Allah (SWT) created us and gives us life, and Allah will decide when to end our lives and take us back to Him (2:156). Naturally, we might fear the time when loved ones will pass away, and we also might worry about when our own time will come. But our faith tells us about death and teaches us what we must do to prepare for the hereafter. In this book, we teach two key lessons. In the first story, “Life Goes On,” Amira’s parents explain that they can’t and won’t always be with her, but that Allah (SWT) always is and will always continue to take care of her. Not only that, a person’s life doesn’t stop with death; rather, it is a transition from one world to another. Therefore, while it’s expected to miss the one who passed away, we should take solace in the fact that, “The hereafter is better and more lasting” (87:17). The second story is about preparing ourselves for the hereafter. Our belief in Qiyamah, the Day of Judgement, fundamentally changes how we live our lives. We didn’t come into this world simply to go to school, get a job, have a family, and then die. Allah (SWT) tells us that He created death and life as a test to see who is the best in deeds (67:2). We must try to perform the best of deeds such that we become good human beings in the eyes of God, before our time on earth is up. Good deeds are like bricks, which we can use to build our house in paradise, our ultimate destination, insha’Allah. The second story, “A Home in the Hereafter,” conveys this

lesson through Haroon Uncle’s example, as he role models what it means to live a life for the next.”—Provided by publisher.

Prophet Muhammad (Peace Be Upon Him) in the Bible - Dr. S.M. Mohiuddin Habibi 2016-05-13

The greatest hope of all the religious groups that awaited for scores of centuries with a dogma of their own Holy Books which witnessed the glory and the majesty of that personality called as 'Muhammad' and 'Ahmad' - 'the Glorious' and 'the Praised', on whom be peace and lasting blessings, which certainly got fulfilled when he finally arrived on the stage of the history. The Scriptures of the Prophets that went before him ended their tasks by heralding the tiding of his coming. Despite the textual corruption of those ancient scriptures, the golden sayings were still preserved by ALLAH, the One True God as a signpost for the honest and noble readers. The seekers of truth! Be certain of the fact that Prophet Muhammad (Peace Be Upon Him) was the promised Prophet and the awaited saviour whom the Jews called as the King Messiah. His coming was prophesied by all the Prophets like Moses and Jesus (Peace Be Upon Them) long before his arrival, and he was also mentioned in the Old and New Testaments. Likewise, the Far East Indian scriptures never failed to mention 'his name and praises' which certainly constitute a miracle pertaining to him and confirming his Prophethood. In the light of the above facts, how could a man of wisdom escape from this overwhelming thought? Or will he still deny this truth? Or will he still await and hope that from Heaven angels would come and guide him when the final Message has already been delivered by 'Muhammadur Rasul ALLAH' to the creation of ALLAH in general, on whom be peace and lasting blessings? Indeed, it is ALLAH, the Lord of the worlds Who Himself calls on us to acknowledge this truth in the Holy Quran: "O mankind! The Messenger (Muhammad, on whom be peace and lasting blessings) hath come unto you with the Truth from your Lord. Therefore believe; (it is) better for you. But if ye disbelieve, still, lo! Unto ALLAH

belongeth whatsoever is in the heavens and the earth. ALLAH is ever Knower, Wise" - (4:170).

Criminal Law and the Rights of the Child in Muslim States - Nisrine Abiad 2010

By analyzing legislative and judicial actions in a selection of Muslim and non-Muslim States in relation to the rights of the child in criminal matters, this book identifies the possible harmonization between the obligations of international human rights law (e.g. the UN Convention on the Rights of the Child [UNCRC]) and the criminal justice systems within each State, particularly Islamic law (Sharia). The book features introductory chapters on child offenders in criminal law and Islamic law, and country reports (from rapporteurs) on Afghanistan, Egypt, Lebanon, Iran, Malaysia, Nigeria, Pakistan, Spain, Turkey, the United Arab Emirates, as well as the UK. Among other issues, the book discusses: the definition of 'child' in criminal law * the rights for child offenders under international law (UNCRC, the Beijing Rules, etc.) * the rights of the child under Islamic regional instruments * Islamic law, as it relates to child offenders * the age of criminal liability * the death penalty * the role of the judiciary in criminal cases within Muslim jurisdictions. Theoretical and comparative research methods highlight that the position of Islamic law on the age of criminal liability and the legal rights of child offenders is nuanced, both through the way various ways Islamic criminal law is implemented and the role of the judiciary in expanding the protection of juvenile offenders.

International Business Success in a Strange Cultural Environment

- Mamarinta P. Mababaya 2003

The book focuses on the cultural aspect of the author's published PhD thesis entitled "The Role of Multinational Companies in the Middle East:

The Case of Saudi Arabia", which he has carried out at the University of Westminster. It explores the success of multinational enterprises doing business in Saudi Arabia vis-à-vis their cultural awareness and responsiveness. The empirical findings discussed in this book reveal that international business success in a strange cultural environment depends partly on the ability of multinational managers to understand the local culture. The cultural subject in this book pertains to Islam in its entirety. The findings may seem strange to many readers who are not familiar with Islamic culture, in its purest form. Many newcomers to Saudi Arabia -- especially non-Muslim foreign investors, businessmen and workers -- often find many things "strange" about the Kingdom, its people and cultural values. Some feel it odd that many Muslims give more importance to prayer than business. Some are disappointed when they find commercial establishments like shopping centres closed as Muslim workers go to the mosques to attend to their daily prayers. Business visitors find strange the fact that in the midst of their meetings with their Saudi or Muslim counterparts, the latter excuse themselves for prayer. They have these "strange" feelings due to their lack of understanding of true Islamic culture. The cultural aspect of this book will help businessmen and concerned institutions worldwide gain understanding of Islam and reconcile their cultural differences with the Muslim world. Through this book, international companies will be able to have a better understanding of authentic Islamic culture, which will help them gain greater competitive advantages in the Saudi marketplace.

Legacy of Islamic Antisemitism - Andrew G. Bostom, M.D. 2011-11-29
Exceedingly well organized and extensively documented....-CHOICE
The publication of the present anthology of primary sources and secondary studies on the theme of Muslim antisemitism is a groundbreaking event of major scholarly, cultural, and political significance. Editor Andrew Bostom has mined the relevant literature to produce the fullest record on

this subject in existence. After the publication of his work, all the oft-repeated, but erroneous misunderstandings of a tolerant Islam, and of a medieval Jewish-Muslim "golden age" will need to be permanently retired. Everyone interested in Jewish and Islamic history, as well as current events in the Middle East, should read this book - and soon.-
Steven T. Katz, Director, Elie Wiesel Center for Judaic Studies, Boston University, and author of Post-Holocaust Dialogues and The Holocaust in Historical Context
The antisemitism of the Muslim Middle East that we hear, see, and experience daily - from the racist cartoons to the constant chorus of "pigs and apes" - is often attributed to European origins, as if the radical Muslim world learned this endemic hatred through the tragedy of imperialism and colonialism. In fact, a deep suspicion and frequent loathing of Jews is deeply rooted in the Middle East, antedating European rule and sometimes evidenced in passages in the Koran and early holy Islamic texts....
Andrew Bostom produces a vast literature of Middle Eastern Islamic antisemitism, and critics may be as surprised at his conclusions as they are unable to refute his carefully compiled corpus of evidence.-Victor Davis Hanson, Senior Fellow, The Hoover Institution, Stanford University, author of Carnage and Culture and A War Like No Other
This comprehensive, meticulously documented collection of scholarly articles presents indisputable evidence that a readily discernible, uniquely Islamic antisemitism-a specific Muslim hatred of Jews-has been expressed continuously since the advent of Islam. Debunking the conventional wisdom, which continues to assert that Muslim animosity toward Jews is entirely a 20th-century phenomenon fueled mainly by the protracted Arab-Israeli conflict, leading scholars provide example after example of antisemitic motifs in Muslim documents reaching back to the beginnings of Islam. The contributors show that the Koran itself is a significant source of hostility toward Jews, as well as other foundational Muslim texts including the hadith (the words and deeds of Muhammad as recorded by pious Muslim transmitters) and the sira (the earliest Muslim biographies of Muhammad). Many other examples are adduced in the writings of influential Muslim jurists, theologians, and scholars, from the Middle

The Meaning and Explanation of the Glorious Qur'an (Vol 4) -

Muhammad Saed Abdul-Rahman 2009-10-29

This is the 2nd edition of volume 4 of the ten volumes of The Meaning And Explanation Of The Glorious Qur'an. The first edition of this book contained many formatting and typing errors. In this new edition, we have corrected all the errors found in the first edition. We have also re-arranged the structure of the book and added the full Arabic Text of the thirty Parts of the Qur'an. The reader is now able to read not only the

meaning, the transliteration and the tafsir (explanation) of the Glorious Qur'an but also the full Arabic text as well. Our mission is to gather in one place, for the English-speaking public, all relevant information needed to make the Qur'an more understandable and easier to study. This book tries to do this by providing the following: 1. The Arabic Text for those who are able to read Arabic 2. Transliteration of the Arabic text for those who are unable to read the Arabic script. This will give them a sample of the sound of the Qur'an, which they could not otherwise comprehend from reading the English meaning. 3. The meaning of the Qur'an (translated by Dr. Muhammad Taqi-ud-Din Al-Hilali, Ph.D. and Dr. Muhammad Muhsin Khan) 4. Background introductions by two famous Islamic scholars, Maududi and Ibn Kathir 5. Explanation (abridged Tafsir) by Ibn Kathir (translated by Safi-ur-Rahman al-Mubarakpuri) We hope that by doing this an ordinary English-speaker will be able to pick up a copy of this book and study and comprehend The Glorious Qur'an in a way that is acceptable to the understanding of the Rightly-guided Muslim Ummah (Community).

Terror and Counter-Terror in Contemporary British Children's Literature - Blanka Grzegorzcyk 2020-05-10

The widespread threat of terrorist and counter-terrorist violence in the twenty-first century has created a globalized context for social interactions, transforming the ways in which young people relate to the world around them and to one another. This is the first study that reads post-9/11 and 7/7 British writing for the young as a response to this contemporary predicament, exploring how children's writers find the means to express the local conditions and different facets of the global wars around terror. The texts examined in this book reveal a preoccupation with overcoming various forms of violence and prejudice faced by certain groups within post-terror Britain, as well as a concern with mapping out their social relations with other groups, and those concerns are set against the recurring themes of racist paranoia, anti-immigrant hostility, politicized identities, and growing up in countries transformed by the effects of terror and counter-terror. The book concentrates on the relationship between postcolonial and critical race

studies, Britain's colonial legacy, and literary representations of terrorism, tracing thematic and formal similarities in the novels of both established and emerging children's writers such as Elizabeth Laird, Sumia Sukkar, Alan Gibbons, Muhammad Khan, Bali Rai, Nikesh Shukla, Malorie Blackman, Claire McFall, Miriam Halaahmy, and Sita Brahmachari. In doing so, this study maps new connections for scholars, students, and readers of contemporary children's fiction who are interested in how such writing addresses some of the most pressing issues affecting us today, including survival after terror, migration, and community building.

2017-12-30

Every week Friday comes and for us Muslims, Friday is very crucial in the sense we have our Jummah prayers. Along with the Jummah prayers we have our weekly sermons. What happens is that most of us tend to forget the sermons delivered by the Imams. So I thought of this system of writing down all the sermons so that the knowledge we gain gets preserved. Furthermore the sisters who are mostly unable to attend the Jummah prayer in many countries do not get the chance to learn from the weekly sermons. The males can easily record their learning and teach the women at their home. All the sermons are from the Imams from the Masjids I attend weekly and the Hadiths mentioned are from their own sermons. Sometimes the Imams may tend to refer to weak Hadiths, I have tried my best to classify them as much as possible. May Allah have mercy upon us all and may we get guided to the Straight Path, Ameen.

Sahih Bukhari - Muhammad Muhsin Khan

Sahih Bukhari is a collection of sayings and deeds of Prophet Muhammad (pbuh), also known as the Sunnah. The reports of the Prophet's (saw) sayings and deeds are called ahadeeth. Imam Bukhari lived a couple of centuries after the Prophet's (saw) death and worked extremely hard to collect his ahadeeth. Each report in his collection was checked for compatibility with the Qur'an, and the veracity of the chain of reporters had to be painstakingly established. Bukhari's collection is recognized by the overwhelming majority of the Muslim world to be one of the most authentic collections of the Sunnah of the Prophet(pbuh).

The Interpretation of The Meaning of The Holy Quran Volume 4 - Surah Al-Baqarah verse 171 to 201 - Nasoha Bin Saabin

I have written many books and articles on various topics but since 2013, I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah, I have completed the whole

Quran on 29th October 2020 with 84 books. I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English. Currently, there is a great misunderstanding about Islam among Muslims and non-Muslims globally. The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims. The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non-Muslims. The wrong actions of the Muslims have led to many miseries and wars among Muslims. The wrong actions of Muslims have also led to many wars and clashes between Muslims and non-Muslims. In order to avoid miseries, wars and clashes from taking place between the whole mankind in the whole world, the whole mankind in the whole world need to understand the true teaching of Islam. There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran. The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world

(English). For this very reason I have written the interpretation of the Holy Quran in English. Prof. Nasoha Bin Saabin
The Truth About Islam - Ibn El-Neil 2008-11-01
Non-Muslims in Islamic countries are exposed to the religion of Islam 24 hours, seven days a week, for their entire life (No freedom of choice here). They hear five prayers between 6: 00 AM and 8: 00 PM everyday on radio, television, Loud Speakers and other public address systems that cover every square inch of the country, whether they want to or not. They get to hear the Koran recited for hours every day. The non-Muslim is a second class citizen who is not allowed to rule or hold key position in the country. He can live in the abode of Islam as long as he doesn't preach his religions outside his community, doesn't insult Islam or criticize the Prophet, and he must pay a religion tax. The punishment for leaving Islam is death (most recently a young woman killed in Saudi Arabia and one in Jordan for leaving Islam; Sept. 2008]. Islam gives its followers the right to kill non-Muslims, and take their wives, children, and possessions as a booty blessed by the Koran and the Hadith. Only a Muslim man can legally lie to his wives, and his enemies.
