Ethos - Alexander Campanella 2019-10-10

Few people know that the first ever self-help book was written thousands of years ago by Aristotle. Fewer people have attempted to read Aristotle, and even fewer people have acted on this timeless wisdom. Many attempts have been made to revive this wisdom, and most have failed. The Ethos is an attempt to once again bring virtue and complete happiness to the forefront of our culture and collective consciousness. Unlike Aquinas, I do not try to merge Aristotle into any religion. The Ethos is secular and universal. What makes this text more powerful than any other is its purity. This is Aristotle as it is; summarized and reorganized to be as short, usable and readable as possible for the modern audience, while still preserving the essence of this ancient and timeless wisdom. The Ethos could be considered the first ever secular bible. This text has already survived more than two thousand years, but it has never earned the fame and esteem it deserves. Please help everyone to bring back Truth by reading the Ethos, living it, and sharing it with others. The Ethos begins by showing our primary function as human beings, and the best way to fulfill that function. The secret to fulfilling our purpose in life is not found by following arbitrary rules, but by creating value for ourselves and others.

The Tender Friendship and the Charm of Perfect Accord - Gavriel Shapiro 2014-03-20

Vladimir Nabokov (1899-1977), a writer of world renown, grew up in a culturally refined family with diverse interests. Nabokov's father, Vladimir Dmitrievich (1870-1922), was a distinguished jurist and statesman at the turn of the twentieth century. He was also a great connoisseur and aficionado of literature, painting, theater, and music as well as a passionate butterfly collector, keen chess player, and avid athlete. This book, the first of its kind, examines Vladimir Nabokov's life and works as impacted by his distinguished father. It demonstrates that V. D. Nabokov exerted the most fundamental influence on his son, making this examination pivotal to understanding the writer's personality and his world perception, as well as his literary, scholarly, and athletic accomplishments. The book contains never heretofore published archival materials. It is appended with rare articles by Nabokov and his father and is accompanied by old photographs. In addition, the book constitutes a survey of sorts of Russian civilization at the turn of the twentieth century by providing a partial view of the multifaceted picture of Imperial Russia in its twilight hours. The book illumines the historical background, political struggle, juridical battles, and literary and artistic life as well as athletic activities during the epoch, rich in cultural events and fraught with sociopolitical upheavals. Jason's Accord - Regan Taylor 2008-08-01

He was a man of honor. A man who fought for his people, his planet, and took his place as a leader. Sold first as a political pawn and then as a slave, she captured his heart and made it her own. Can their love survive peace between their people?

"This is the first ever handbook to comprehensively cover the historical development of the field of social psychology, including the main overarching approaches and all the major individual topics. Contributors are all world-renowned scientists in their subfields who engagingly describe the people, dynamics, and events that have shaped the discipline"--

Rebels without Borders - Idean Salehyan 2011-07-07

Rebellion, insurgency, civil war-conflict within a society is customarily treated as a matter of domestic politics and analysts generally focus their attention on local causes. Yet fighting between governments and opposition groups is rarely confined to the domestic arena. "Internal" wars often spill across national boundaries, rebel organizations frequently find sanctuaries in neighboring countries, and insurgencies give rise to disputes between states. In *Rebels without Borders*, which will appeal to students of international and civil war and those developing policies to contain the regional diffusion of conflict, Idean Salehyan examines transnational rebel organizations in civil conflicts, utilizing cross-national datasets as well as in-depth case studies. He shows how external Contra bases in Honduras and Costa Rica facilitated the Nicaraguan civil war and how the Rwandan civil war spilled over into the Democratic Republic of the Congo, fostering a regional war. He also looks at other cross-border insurgencies, such as those of the Kurdish PKK and Taliban fighters in Pakistan. Salehyan reveals that external sanctuaries feature in the political history of more than half of the world's armed insurgencies since 1945, and are also important in fostering state-to-state conflicts. Rebels who are unable to challenge the state on its own turf look for mobilization opportunities abroad. Neighboring states that are too weak to prevent rebel access, states that wish to foster instability in their rivals, and large refugee diasporas provide important opportunities for insurgent groups to establish external bases. Such sanctuaries complicate intelligence gathering, counterinsurgency operations, and efforts at peacemaking. States that host rebels intrude into negotiations between governments and opposition movements and can block progress toward peace when they pursue their own agendas.

No Peace, No Honor - Larry Berman 2001-09-23

In 1973, Henry Kissinger shared the Nobel Peace Prize for the secret negotiations that led to the Agreement on Ending the War and Restoring Peace in Vietnam. Nixon famously declared the 1973 agreement to be "peace with honor"; America was disengaging, yet South Vietnam still stood to fight its own war. Kissinger promptly moved to seal up his personal records of the negotiations, arguing that they are private, not government, records, and that he will only allow them to be unsealed after his death. *No Peace, No Honor* deploys extraordinary documentary bombshells, including a complete North Vietnamese account of the secret talks, to blow the lid off the true story of the peace process. Neither Nixon and Kissinger's critics, nor their defenders, have guessed

at the full truth: the entire peace negotiation was a sham. Nixon did not plan to exit Vietnam, but he knew that in order to continue bombing without a congressional cutoff, he would need a fig leaf. Kissinger negotiated a deal that he and Nixon expected the North to violate. Ironically, their long-maintained spin on what happened next is partially true: only Watergate stopped America from sending the bombers back in. This revelatory book has many other surprises. Berman produces new evidence that finally proves a long-suspected connection between candidate Nixon in 1968 and the South Vietnamese government. He tells the full story of Operation Duck Hook, a large-scale offensive planned by Nixon as early as 1969 that would have widened the war even to the point of bombing civilian food supplies. He reveals transcripts of candidate George McGovern's attempts to negotiate his own October surprise for 1972, and a seriocomic plan by the CIA to overthrow South Vietnam's President Thieu even as late as 1975. Throughout, with page-turning dialogue provided by official transcripts and notes, Berman reveals the step-by-step betrayal of South Vietnam that started with a short-circuited negotiations loop, and ended with double-talk, false promises, and outright abandonment. Berman draws on hundreds of declassified documents, including the notes of Kissinger's aides, phone taps of the Nixon campaign in 1968, and McGovern's own transcripts of his negotiations with North Vietnam. He has been able to double- and triple-check North Vietnamese accounts against American notes of meetings, as well as previously released bits of the record. He has interviewed many key players, including high-level South Vietnamese officials. This definitive account forever and completely rewrites the final chapter of the Vietnam war. Henry Kissinger's Nobel Prize was won at the cost of America's honor.

Politics - Aristotle 2017-02-14

This new translation of Aristotle's *Politics* is a model of accuracy and consistency and fits seamlessly with the translator's *Nicomachean Ethics*, allowing the two to be read together, as Aristotle intended. Sequentially numbered endnotes provide the information most needed at each juncture, while a detailed Index of Terms indicates places where focused discussion of key notions occurs. A general Introduction prepares the reader for the work that lies ahead, explaining what sort of work it is and what sort of evidence it relies on.

The Sister Accord - Sonia Jackson Myles 2011-01-01

Our world needs a resolution...Of Love...Our world needs a revolution...Of Love...Our world needs The Sister Accord: 51 Ways to Love Your Sister©. This beautiful and engaging book is the product of the vision and life purpose of Sonia Jackson Myles, Daughter, Mother, Sister, Friend, Corporate Executive, Mentor, and Author of *The Sister Accord*, *The Promise That Will Transform Your Life!*™ *The Sister Accord* is a resolution for girls and women to inspire them to have positive, loving relationships with each other. The principles of *The Sister Accord* have been woven into the fabric of the 51 Ways To Love Your Sister to give girls and women tangible tools and methods for establishing strong relationships with each other. Additionally, Sonia has used the power of imagery to bring the ways to life in a manner that will connect with girls and women from every part of the world. Celebrity Sisters, such as Mikki Taylor, Tasha Smith, Tatyana Ali, Hoda Kotb, and many other amazing, highly successful women share their insights on the importance of Sisterhood. Studies show that people who have healthy, long-standing relationships live a life with more joy, peace, and happiness and live longer lives. The principles of *The Sister Accord*, along with the 51 ways, will provide the foundation for this revolution of love to get 1 Billion girls and women to agree to live their lives more fully, more effectively, more productively, and with more purpose. As the leader of this revolution, Sonia is committed to 3 global objectives: educating girls and women, enlightening girls and women of the POWER of Sisterhood, and eradicating bullying and violence against girls and women. Imagine a world where the revolution is alive! Imagine a world where girls and women use the 51 Ways To Love their Sisters each and every day! *Treaties and Other International Acts Series* - United States. Dept. of State

Of Their Own Accord - Gary E. Dolan 2005-01

Based on real incidents, this is a Vietnam war novel about the role Army Ranger units played conducting raids by small teams on the ground and directed by their officers in the air. This book tracks the experiences of a young West Point graduate who volunteers for a Ranger unit in-country, learns his trade, and accomplishes his missions.
