Religion For Dummies - Rabbi Marc Gellman 2011-04-18

Why are we here? How should we live? What happens after we die? Why does evil exist? Religion For Dummies explains how the world's great religions answer questions that persist through generations. Authors Rabbi Marc Gellman and Monsignor Thomas Hartman are trusted religious advisors known as the God Squad. With wonderful wit and incredible wisdom, they host a daily talk show which reaches nearly 4 million homes in the New York area, and have appeared on numerous TV and radio shows. This book is not a scholarly theological treatise; it's a lively, practical, hands-on resource that will help you better understand your own religion and others. You'll explore: Religion's role in the family and in the workplace The beliefs and practices of Christianity, Judaism, Islam, and other religions Religion's impact during major passages in life such as birth, death, and marriage How to join a religion and how to pray How religion can help you deal with issues in every day life such as conflict, adversity, marriage, divorce, and more Religious rituals and ethics Religion for Dummies touches on lesser-known religions (such as, Zoroastrianism, Jainism, Sikhism). It explores how people of various faiths pray, celebrate life and death, and view moral issues. The book does not tell you what to believe, but rather encourages you to live as you believe and let your religion infuse every aspect of your life. It doesn't give simple answers to haunting, complex questions; it helps you find your own answers and pursue your own spiritual path!

Introducing Hinduism - Hillary Rodrigues 2006

Introducing Hinduism is the ideal starting point for students wishing to undertake a comprehensive study of this fascinating religion. This lively introduction explores the complexities of Hinduism, including its social structures, especially its caste system, its rituals and many scriptures, its vast mythology and varieties of deities, and its religious philosophies. Hillary Rodrigues, an experienced teacher of the Hindu tradition, emphasises the importance of Hindu rituals and practice, subjects of particular interest in contemporary scholarship. Illustrated throughout, the book also includes text boxes, summary charts, a glossary and a list of further reading to aid students' understanding and revision. The accompanying webstie to this book can be found at <http://www.routledge.com/textbooks/0415392691>.

Theology and Religion - Graham Ward 2019-02-25

Graham Ward argues that the study of theology and religion, as a single academic discipline, plays a vital role in helping us to understand politics, world affairs, and the nature of humanity itself. Religion can be used to justify inhumane actions, but it also feeds dreams, inspires hopes, and shapes aspirations. By invoking a sense of wonder about the natural world, religion can promote scientific discoveries, and by focusing on shared experiences, religion helps to bind societies together. Some scientists now believe that religious feeling might be hard-wired into our DNA, a fundamental aspect of what makes us human. Because religion is rooted in the imagination itself, its study involves staring into the profundities of who we are. Religion will not go away, so it needs to be understood.

Religions of Asia Today - John L. Esposito 2011-11-15

Ideal for courses in Asian/Eastern religions, Religions of Asia Today, Second Edition, covers the same material contained in the authors' longer textbook, World Religions Today, Fourth Edition, while also featuring a unique chapter on Islam in Asia. Religions of Asia Today, Second Edition, reveals the significance of religion in contemporary life. Hinduism, Buddhism, East Asian Religions, Islam in Asia,

indigenous religions, and new religions are explored as dynamic, ongoing forces in the lives of individuals and in the collective experience of modern societies. This unique volume accomplishes two goals: it connects today's Asian religions to their classical beliefs and practices and focuses on how these religions have responded to and been transformed by the modern world. The authors combine thorough coverage of the historical background of each religion with up-to-the-minute discussions of its current practices. This volume is enhanced by numerous pedagogical aids--text boxes, timelines, maps, discussion questions, a comprehensive glossary of key terms, and suggestions for further reading--and more than 100 photographs and illustrations. NEW TO THIS EDITION: * Updates throughout that cover more aspects of the current international situation and developments in religious life around the world * "Rituals and Rites" boxes examining rituals that have changed in practice or meaning over time * "Gender Focus" boxes that highlight gender-specific customs within each faith * A revised and updated Instructor's Manual and Test Bank on CD containing overviews, learning goals, and summaries for each chapter; lecture outlines; PowerPoint-based lecture slides; fill-in-the-blank, multiple-choice, and true/false test questions; sample essay/discussion questions; flash cards of key terms; and suggested reading, viewing, and links * An updated Companion Website at www.oup.com/us/esposito featuring all of the material on the Instructor's Manual and additional resources for students ALSO AVAILABLE TO SUIT YOUR COURSE NEEDS: World Religions Today, Fourth Edition (978-0-19-975951-4) Religions of the West Today, Second Edition (978-0-19-975950-7)

Agape Love - Sir John Templeton 2008-01-01

The tradition of agape, or unconditional love, is not exclusive to any one religion. Actually, it is a major underlying principle found in religions worldwide. The concept of altruistic love is one that challenges the spiritual person to "love your enemies," or to "love without thought of return." It is a love that flows out to others in the form of compassion, kindness, tenderness, and charitable giving. Buddhists have a path of compassion, where caring for others becomes the motivating force behind existence. Hindus have a branch of yoga, the heart-centered path, that leads to enlightenment through an overwhelming love for God that takes the form of loving all of humanity. Eastern religions, such as Taoism and Confucianism, see transcendent love as essential part of true wisdom. The universal theme of love is found in all religious traditions, Buddhist, Christian, Islam, or others. As we begin realize that all religions have at their core this spiritual principle of love, we can develop a sense of common humanity. The religious tradition of agape love examined in this book will serve as an inspiration for those who are learning to grow in compassion and love for all people.

World Religions - Thomas A. Robinson 2022-11-15

This masterful survey of world religions presents a clear and concise portrait of the history, beliefs, and practices of Eastern and Western religions. The authors, both respected scholars of world religions, have over 50 years of combined teaching experience. Their book is accessibly written for introductory classes, can be easily adapted for one- or two-semester courses, and employs a neutral approach for broad classroom use. The third edition has been revised throughout, with updated material on the history and contemporary configurations of each tradition and new sections addressing gender, sexuality, and the environment. It also includes effective sidebars, photographs, timelines, charts, calendars, glossaries, and a

spelling guide. Online resources through Baker Academic's Textbook eSources include Powerpoint/Keynote slides, new maps and videos, and a large question bank of multiple-choice test questions (available to professors upon request).

The Story of World Religions - Scott Adams 2011-08-15

Presents a timeline of the history of religion, from ancient and classical mythologies to tribal religions, Eastern religions including Hinduism and Buddhism, Western Judeo-Christian religions, and modern religions.

[Abraxas: Beyond Good and Evil](#) - Michael Faust 2013-01-26

An extraordinary division exists between Western and Eastern religious thinking. No one in the mainstream media ever draws any attention to it. Why is this debate never allowed to happen? One thing is certain: either everyone in the East is going to hell, or the Western "believers" are the most deluded people in history. Was Western religious thinking ever compatible with Eastern religion and, if so, what caused the astonishing divergence of later history? What happened to one of the oldest religions in the world, belonging to the mysterious secret society known as the Illuminati, the first Grand Master of which was the demigod Pythagoras? Is the God of Abraham actually the Devil, as the ancient Gnostics maintained? Is this planet of ours hell, ruled over by the Prince of Darkness masquerading as God? Here is wisdom - the True God is Abraxas. His is the same message as Nietzsche's: we must learn to live beyond good and evil.

The History of Religion - Karen Farrington 1998

An illustrated study of the worship, practices, gods, prophets, leading figures, festivals, myths, and misconceptions of the world's major faiths, including ancient belief systems, paganism, Judaism, Christianity, Hinduism, Buddhism, Islam, Sikhism, eastern religions, and modern movements.

Hinduism and Other Eastern Religions - Trevor Barnes 2005-08-18

World Faiths: Hinduism and Other Eastern Religions explores the major religions of the Eastern world, including Hinduism, Jainism, Sikhism, and Buddhism. From Hindu gods and goddesses to life in a Buddhist monastery, it reveals the origins of each religion, the key elements of its belief systems, and the appeal of Eastern religions to the West.

An Introduction to the World Religions - Nathan Talbot 2019-10-16

Discover the beliefs of some of the world's largest religions. From the Eastern religions of Buddhism and Taoism to the Abrahamic religions that billions across the globe follow, this book provides a detailed introduction to some of the world's major religions, breaking down their fundamental concepts in a way that anyone can understand. Highlighting their key beliefs, differences, and how they instruct their followers, this book covers: Christianity Judaism Islam Buddhism Hinduism And Taoism With insightful explanations and an unbiased approach, An Introduction to the World Religions is a must-read for anyone interested in learning about the belief systems that billions of people practice. BUY NOW to begin your journey through the world's spirituality today!

Religion and Globalization - John L. Esposito 2008

A unique and in-depth introduction to religion in the modern world, Religion and Globalization includes coverage of Christianity, Judaism, Islam, Hinduism, Buddhism, East Asian religions, and new religious movements. It addresses such questions as: How do these various religions change as they are brought into contact with each other by the forces of globalization? and How are ancient traditions modified to accommodate the realities of the 21st century? Focusing on the diverse ways that humans have been religious in the past and are religious today, the book examines the changes that began with the Scientific Revolution and how those changes have shaped these religions as they are practiced today. Ideal for courses on religion and globalization or religion and politics, Religion and Globalization includes sixteen custom maps, key terms at the end of each chapter, a glossary, and timelines of important events each religious tradition.

Hinduism and Other Eastern Religions - Trevor Barnes 2013

In today's world, where religious divides and cultural differences so often have tragic consequences, a sound understanding of the belief systems and practices of other peoples and cultures is essential. These four titles in the World Faiths series offer a simple and child-friendly introduction to religion around the world. The history and origins of each religion are explained, along with information about their calendars

and festivals; places of worship; and religious practices and their place in modern society. Religious artwork illustrates how each religion has evolved throughout history, while dynamic photographs show how modern worship is celebrated.

Hinduism and the 1960s - Paul Oliver 2014-11-20

The West has drawn upon Hinduism on a wide scale, from hatha yoga and meditation techniques, to popular culture in music and fashion, yet the contribution of Hinduism to the counter-culture of the 1960s has not been analysed in full. Hinduism and the 1960s looks at the youth culture of the 1960s and early 1970s, and the way in which it was influenced by Hinduism and Indian culture. It examines the origins of the 1960s counter-culture in the Beat movement of the 1950s, and their interest in Eastern religion, notably Zen. When the Beatles visited India to study transcendental meditation, there was a rapid expansion in interest in Hinduism. Young people were already heading east on the so-called 'Hippie Trail', looking for spiritual enlightenment and an escape from the material lifestyle of the West. Paul Oliver examines the lifestyle which they adopted, from living in ashrams to experimenting with drugs, sexual liberation, ayurvedic medicine and yoga. This engaging book analyses the interaction between Hinduism and the West, and the way in which each affected the other. It demonstrates the ways in which contemporary Western society has learned from the ancient religion of Hinduism, and incorporated such teachings as yoga, meditation and a natural holistic lifestyle, into daily life. Each chapter contains a summary and further reading guidance, and a glossary is included at the end of the book, making this ideal reading for courses on Hinduism, Indian religions, and religion and popular culture.

[Christianity](#) - Trevor Barnes 2005-08-18

A biography of human rights activist Malcolm X, discussing his early struggles with racism, rise to fame as the public face of the Nation of Islam, personal hardships, and legacy.

[Eastern Religions](#) - Vasudha Narayanan 2005

An illustrated introduction to five of the great religious traditions of the world examines the principles, practices, tenets, and history of Buddhism, Hinduism, Taoism, Confucianism, and Shinto, in a detailed study designed to help those in the West who wish to move closer to the spirit of the East. Original.

World Religions in America, Fourth Edition - Jacob Neusner 2009-10-07

The fourth edition of World Religions in America continues its lauded tradition of providing students with reliable and nuanced information about America's religious diversity, while also reflecting new developments and ideas. Each chapter was updated to reflect important changes and events, and current statistics and information. New features include a timeline of key events and people for each tradition, sidebars on major movements or controversies, personal stories from members of various faiths, a theme-based organization of subjects, more subheads, three new chapters exploring America's increasing religious diversity, and suggestions for further study.

Who Is God - Robert B. Fischer 2000-11

Spiritual Terrorism is about the impact of fear-based religion on people's lives who have been spiritually abused by a negative conception of God through eternal hell-fire preaching and teaching. The doctrine of eternal punishment in literal fire is at the heart of many forms of spiritual abuse and all forms of spiritual terrorism which is the most extreme form of spiritual abuse. This book effectively explains the symbolic use of fire in the Holy Bible and other Holy Books. The common misunderstanding of the metaphorical usage of fire is the primary cause of spiritual terrorism. Dr. Purcell clarifies the confusion over the Christian doctrine of salvation by grace and judgment which is based on the deeds of life good or bad. This allows readers to grasp the liberating truth that people are totally free to live their lives but are also totally accountable, at the end of life, for how they have lived their lives. God will ultimately teach universal empathy and bring about perfect justice for all without violating anyone's free will. Spiritual abuse has the potential to affect all stages of life: in the womb, childhood, youth, young adults, older adults, end of life, and bereavement after the deaths of loved ones. Spiritual abuse may also affect all areas of life: marriage/divorce, emotional/mental/physical abuse, medical treatment or refusal of such treatment for self and children, and domestic and international terrorism. All major world religions are addressed: Judeo/Christianity, Islam, and the Eastern Religions Buddhism and Hinduism. Included as well are Native American Beliefs. There is a theme running through all major religions of God's unconditional love, amazing

grace, infinite mercy, perfect justice, and a universal homecoming.

Teilhard de Chardin and Eastern Religions - Ursula King 2011

Teilhard de Chardin and Eastern Religions is, in part, an update of the 1980 classic, *Toward a New Mysticism*. Author Ursula King has extensively revised this work, adding new material as she traces Teilhard's encounter with Eastern thought. It includes an extensive bibliography and annotated study guide. Book jacket.

Critique of Hinduism and Other Religions - Lakshmaṇaśāstrī Jośī 1996

The Last Judgment and World Religions - Hall Peebles 2005

Most western religions believe that when a person dies, he or she goes either to heaven or to hell and remains there eternally. The individual is forever numbered among the "sheep" who will inherit eternal life or among the "goats" who will suffer everlasting punishment. Although belief in endless torment in hell has been increasingly questioned in recent centuries, the traditional view of the "four last things"—death, judgment, heaven, and hell—continues to shape expectations about the present and the future. While this view of the last things is familiar in the West, the religions of south and east Asia have a different outlook. For Hinduism and Buddhism this human life is merely one in an ongoing series of lives, with no clear and abiding separation between "sheep" and "goats." In this book I ask why the eastern and western beliefs are so different and I look for explanations. The monotheism of the western faiths is a significant element, but many other doctrines, including views of the nature of God, scripture and authority, human nature, justice, and punishment, are also involved. I conclude that the tradition of an everlasting hell is incompatible with an accurate interpretation of scripture and with the Christian doctrine of God. The "goats" do not exist, in the West as well as the East. Examining the major world religions, Hall Peebles has found deep differences among them about the last judgment, which has been so crucial to traditional Christianity. He asks, Why do the eschatologies of east and west differ so sharply? Why is there no eternal hell in Hinduism and Buddhism? The answers to these questions are important to theologians, historians of religion, and students of religion, and everyone else who thinks, talks, and preaches about hell. Moreover, the religions' views of the "last things" not only govern their expectations about the future; these views also color their understanding of human nature and society in this world here and now. Peebles' unique contribution to the understanding of western religions is his argument that hell cannot be eternal. Examining carefully the eastern religions, which have no tradition of eternal hell, and the western tradition in support of it, he concludes that an eternal hell is illogical and incompatible with western beliefs, especially as articulated in Christianity. The subject of this book is not unique, but its breadth of treatment, the comparison with eastern religions, and above all the conclusion rejecting the eternity of hell are, taken together, unique. This book is an essential addition to scholarship in eschatology.

World Religions - Ian Barnes 2007

World Religions looks at the history of the world's great faiths, from those that emerged thousands of years ago to those that have established themselves in more recent times. It is divided into the following chapters: Hinduism and Sikhism; Zoroastrianism; Judaism; Buddhism; Christianity; Islam; Religions of the Far East; and Other Religions. The book looks at the context in which these religions emerged and as migrations and military expansionism helped them to become established in certain regions of the world. World Religions explains the characteristics of each faith, but also demonstrates the common history that many of them share. The book also contains maps and plans showing many significant religious sites around the world, as well as data on how widespread the various faiths are today. With over 150 maps covering a wide range of religions over thousands of years, World Religions is a fascinating account of the diverse range of faiths that have helped shape the history of mankind. -- from dust jacket.

Norton Anthology of World Religions - Cunningham, Lawrence S 2015-02-18

This magisterial Norton Anthology, edited by world-renowned scholars, offers a portable library of more than 1,000 primary texts from the world's major religions. To help readers encounter strikingly unfamiliar texts with pleasure; accessible introductions, headnotes, annotations, pronouncing glossaries, maps, illustrations and chronologies are provided. For readers of any religion or none, *The Norton Anthology of*

World Religions opens new worlds that, as Miles writes, invite us "to see others with a measure of openness, empathy, and good will..."

Unprecedented in scope and approach, *The Norton Anthology of World Religions: Christianity* brings together over 150 texts from the Apostolic Era to the New Millennium. The volume features Jack Miles's illuminating General Introduction—"How the West Learned to Compare Religions"—as well as Lawrence S. Cunningham's "The Words and the Word Made Flesh," a lively primer on the history and core tenets of Christianity.

For six years, he co-hosted the live, nationwide "Bible Answer Man" radio broadcast. He joined Christian Research Institute and was the director of International Outreach under its founder, Walter Martin. Today he is executive director of the Centers for Apologetics Research, an organization that monitors and researches religions and cults around the world. [World Religions and Cults](#) - Bodie Hodge 2016-10-28

Volume 1 presents a clear and thorough analysis of "counterfeit" religions like Mormons, Islam, Deism, Jehovah's Witnesses, Zoroastrianism, and many others. Volume 2 deals with many Eastern religions like Hinduism, Taoism, New Age, Sikhism, Confucianism, Shinto, and Buddhism as well as other pagan based systems like Witchcraft, Voodoo, and more. The third and final volume focuses on the shocking influence of atheistic and humanistic religions including Agnosticism, Nazism, Scientology, Communism and naturalistic religions.

Apples and Oranges - David S. Lieb 2008

Comparative Religion is a great way to learn about Judaism. It also makes for better citizenship. Rabbi Lieb's book both clearly explains each of the world's major religions and shows where Judaism is both similar and different from them. Included is an overview on 'what is a religion', things to remember about Judaism, Christianity, Islam, Hinduism, and Buddhism. There is also a chapter on how to respond to Christian Missionaries.

World Religions & Cults Volume 2 - Bodie Hodge 2016-05-02

Religions of the Far East like Hinduism, Buddhism, and New Age have been gaining a foothold in the Western world. We even see witchcraft on the rise and paganism infiltrating the minds of the next generation—even in Christian homes! Why is that? How can a Christian respond? We already know how the one true God has responded, and in this title you will learn: □How a Christian can effectively witness for Christ How to refute these false religions What it truly is that these religions teach and why The Christ follower should be set at ease knowing that all other gods are false as the all-knowing God of Scripture has revealed that He is the only God. Therefore, this volume dives into these styles of religions and looks at their origins and their basic tenets as well as why they fall so short. Understanding the basic tenets of these

religions helps the Bible believer see the flaws in these philosophies. In this way one can better discern how to be an effective witness for Jesus Christ while standing on the authority of the Bible.

World Faiths: Hinduism and other Eastern Religions - Trevor Barnes 2013-02-19

Starting with the origins of Hinduism 4,500 years ago, this book offers an introduction to the numerous religious traditions of the Eastern world. Jainism, Sikhism, Buddhism, Shintoism, Taoism, and Hinduism are all covered. Descriptions and photographs of holy sites, spiritual practices, core beliefs, and religious leaders help World Faiths: Hinduism and other Eastern Religions by Trevor Barnes paint a vivid picture of the multiplicity of religions practiced throughout India and Asia.

World Religions, with CD - Thomas A. Robinson 2006-01-01

A masterful survey for college and university courses, this wide-ranging introduction presents a clear and condensed portrait of the history, beliefs, and practices of specific eastern and western religions. Rich with definitions, it includes a helpful CD with a wealth of images and study aids including a full glossary of terms, Internet links to scholarly sites, more than 500 color images, self-test quizzes, and other helps. • Provides a straightforward presentation of the history, beliefs, and practices of the major religious traditions • Conveys the scope and importance of religion in the human experience • Sidebars offer short, fast-grasp summaries of the major aspects of each religion • Explains a vast number of terms throughout the text • CD-ROM includes a full complement of supporting study aids including links, images, quizzes, and more In addition to the CD, the authors have established a separate website to complement this textbook (<http://people.uleth.ca/~robinson/Religion/General/WRIntro.html>).

Comprehension Across the Curriculum - Kathy Ganske 2010-01-01

Successful students use comprehension skills and strategies throughout the school day. In this timely book, leading scholars present innovative ways to support reading comprehension across content areas and the full K-12 grade range. Chapters provide specific, practical guidance for selecting rewarding texts and promoting engagement and understanding in social studies, math, and science, as well as language arts and English classrooms. Cutting-edge theoretical perspectives and research findings are clearly explained. Special attention is given to integrating out-of-school literacies into instruction and developing comprehension in English language learners.

World Religions and Democracy - Larry Diamond 2005-03-02

Can religion be compatible with liberal democracy? World Religions and Democracy brings together insights from renowned scholars and world leaders in a provocative and timely discussion of religions' role in the success or failure of democracy. An essay by Alfred Stepan outlines the concept of "twin tolerations" and differentiation, and creates a template that can be applied to all of the religion-democracy relationships observed and analyzed throughout the volume. "Twin tolerations" means that there is a clear distinction and a mutual respect between political authorities and religious leaders and bodies. When true differentiation is accomplished, the religious sector enjoys freedom of activity and the ability to peacefully influence its members but does not wield direct political power. A country's ability to implement the principle of differentiation directly affects the successful development of democracy. Part two focuses on eastern religions—Confucianism, Hinduism, and Buddhism—and includes contributions from Nobel Prize winner Aung San Suu Kyi and His Holiness the Dalai Lama. The third part addresses democracy in relationship to Judaism and the three branches of Christianity—Catholicism, Protestantism, and Eastern Orthodoxy. Sociologist Peter Berger offers a global perspective of Christianity and democracy. The volume's final section discusses what is perhaps the most challenging example of the struggling relationship between religion and democracy today: Islam and the governments of the Muslim nations. Abdou Filali-Ansary, Bernard Lewis, and others present a comprehensive exploration of Muslim thought and faith in an increasingly secular, modern world. It is in this volatile political and religious climate that solutions are most urgently needed but also most elusive. Contributors: Alfred Stepan, Hahm Chaibong, Francis Fukuyama, Pratap Mehta, His Holiness the Dalai Lama, Aung San Suu Kyi, Hillel Fradkin, Daniel Philpott, Tim Shah, Robert Woodberry, Elizabeth Prodromou, Peter Berger, Abdou Filali-Ansary, Bernard Lewis, Robin Wright, Abdelwahab El-Affendi, Radwan A. Masmoudi, Laith Kubba, Ladan Boroumand, Roya Boroumand.

Kingfisher Children's Bible - 2005

This introduction to the Bible contains retellings of almost 100 stories from the Old and New Testaments, interspersed with extracts from established and modern translations. Key biblical events are covered and there is also a reference section, illustrated by photographs, maps and diagrams.

World Faiths: Islam - Trevor Barnes 2013-02-19

More than one billion people across the globe practice Islam. World Faiths: Islam by Trevor Barnes surveys the life and teachings of its founder, --the prophet Mohammed, and traces the history of the Islamic faith. With sections on Islamic law and science, art and architecture, and worship and festivals, this book offers an accessible and multi-faceted understanding of this powerful and important religious tradition.

The Regulation of Religion and the Making of Hinduism in Colonial Trinidad - Alexander Rocklin 2019-02-07

How can religious freedom be granted to people who do not have a religion? While Indian indentured workers in colonial Trinidad practiced cherished rituals, "Hinduism" was not a widespread category in India at the time. On this Caribbean island, people of South Asian descent and African descent came together—under the watchful eyes of the British rulers—to walk on hot coals for fierce goddesses, summon spirits of the dead, or honor Muslim martyrs, practices that challenged colonial norms for religion and race. Drawing deeply on colonial archives, Alexander Rocklin examines the role of the category of religion in the regulation of the lives of Indian laborers struggling for autonomy. Gradually, Indians learned to narrate the origins, similarities, and differences among their fellows' cosmological views, and to define Hindus, Muslims, and Christians as distinct groups. Their goal in doing this work of subaltern comparative religion, as Rocklin puts it, was to avoid criminalization and to have their rituals authorized as legitimate religion—they wanted nothing less than to gain access to the British promise of religious freedom. With the indenture system's end, the culmination of this politics of recognition was the gradual transformation of Hindus' rituals and the reorganization of their lives—they fabricated a "world religion" called Hinduism.

Living Religions - Mary Pat Fisher 2003

Living Religions—Eastern Traditions is a highly readable and stimulating survey of the major global religions and new religious movements that originated in the East, with particular focus on how people are trying to live by them in today's world. Evocative illustrations enhance this approach; first-person interviews of ordinary people and boxes uncovering the spiritual roots of well-known public figures bring this book to life. Covering the key religions of India, China, and Japan, the social context, origins, teachers, scriptures, and historical development of each faith are carefully explored, with emphasis on how practitioners themselves understand their tradition from inside. For readers interested in a comprehensive book about eastern religions, as well as the clergy of various faiths, and workers in corporations that trade in India, China, and Japan.

Twenty Cases Suggestive of Reincarnation - Ian Stevenson 1980

Cases of responsive xenoglossy thus add to the evidence concerning the survival of human personality after death.

World Religions Made Easy - Paul Carden 2018-09-20

From Islam and Judaism to Jehovah's Witnesses and Mormonism, quickly get a handle on 30 different belief systems and how they compare to Christianity with this pocket-sized book In addition to providing basic outlines of world religions such as Christianity, Hinduism, Buddhism, and Islam, World Religions Made Easy also compares the key beliefs of each.
