Bookseller - 1863

Vols. for 1871-76, 1913-14 include an extra number, The Christmas bookseller, separately paged and not included in the consecutive numbering of the regular series.

**The Book of Virtues** - William J. Bennett 2010-05-11

Responsibility. Courage. Compassion. Honesty. Friendship. Persistence. Faith. Everyone recognizes these traits as essentials of good character. In order for our children to develop such traits, we have to offer them examples of good and bad, right and wrong. And the best places to find them are in great works of literature and exemplary stories from history. William J. Bennett has collected hundreds of stories in The Book of Virtues, an instructive and inspiring anthology that will help children understand and develop character -- and help adults teach them. From the Bible to American history, from Greek mythology to English poetry, from fairy tales to modern fiction, these stories are a rich mine of moral literacy, a reliable moral reference point that will help anchor our children and ourselves in our culture, our history, and our traditions -- the sources of the ideals by which we wish to live our lives. Complete with instructive introductions and notes, The Book of Virtues is a book the whole family can read and enjoy -- and learn from -- together.

After Virtue - Alasdair MacIntyre 2013-10-21

Highly controversial when it was first published in 1981, Alasdair MacIntyre's *After Virtue* has since established itself as a landmark work in contemporary moral philosophy. In this book, MacIntyre sought to address a crisis in moral language that he traced back to a European Enlightenment that had made the formulation of moral principles increasingly difficult. In the search for a way out of this impasse, MacIntyre returns to an earlier strand of ethical thinking, that of Aristotle, who emphasised the importance of 'virtue' to the ethical life. More than thirty years after its original publication, *After Virtue* remains a work that is impossible to ignore for anyone interested in our understanding of ethics and morality today.

**The Scottish Law Review and Sheriff Court Reports** - 1923  
Vols. 29-47, 1913-1931 and v. 72-79, 1956-1963 include Scottish Land Court reports, v. 1-19 and v. 44-51.

**The Scottish Jurist** - 1861

A List of Works Relating to Scotland - New York Public Library 1916

Human Fertilisation and Embryology - Dewinder Birk 2009

The Human Fertilisation and Embryology Act 2008 represents the most radical overhaul of the UK's embryology laws since the enactment of the original 1990 Act and is intended to ensure that the UK legislative framework keeps up with the fast pace of technological, social, and medical change. The new Act is a comprehensive amending statute

which makes considerable changes to the operation of both the Human Fertilisation and Embryology Act 1990 and regulation in the area of assisted reproductive technology and embryo research. Major provisions contained in the Act include: extending UK regulation to the creation and use of all embryos outside of the human body, regardless of the processes used in their creation; increasing the scope of legitimate embryo research activities, allowing hybrid embryos to be created for research into serious diseases; enforcing a ban on sex selection of offspring for non-medical reasons; retention of a duty, when providing fertility treatment, to take account of 'the welfare of the child,' but removal of the reference to 'the need for a father'; recognizing same-sex couples as legal parents of children conceived through the use of donated sperm, eggs, or embryos. This book provides an authoritative commentary, highlighting areas of potential difficulty and offering practical guidance. The book is essential reading for family lawyers, academics, and medical professionals. It includes the text of both the Human Fertilisation and Embryology Act 2008 and the Human Fertilisation and Embryology Act 1990 (as amended).

*The Scottish Law Reporter Containing Reports ...* - 1915

*The Devil Devere* - Victoria Vane 2012-08-01

What happens when a struggling actress and a grieving widower come together in a night of unbridled debauchery orchestrated by a bored and machinating rake? In *A Wild Night's Bride*, Phoebe Scott, alias Kitty Willis, is a lonely lady, down on her luck. Sir Edward Chambers is steadfast, respectable, and avowed to a life of celibacy. Devil in disguise, Viscount Ludovic De Vere, is the machinating rake hell-bent to return his best friend, Ned, to the land of the living. But with the devil in charge...there will surely be hell to pay. In *The Virgin Huntress*, desperate times call for devilish measures... The coddled and pampered Lady Vesta Chambers is accustomed to getting what she wants, but what's a girl to do when the man of her dreams has eyes for another? Younger brother to Viscount Ludovic "The Devil" De Vere, Hew has returned from the American war scarred, disillusioned, and looking

forward to settling down with the right woman. When Hew shows interest in Vesta's godmother, Diana, Vesta vows to prove to Hew that she is no longer a little girl, but a woman with the passion of...a huntress.

*Commentaries on the Laws of England* - William Blackstone 1838

The Reign of William Rufus and the Accession of Henry the First - Edward Augustus Freeman 1882

*Governing by Virtue* - Norman Leslie Jones 2015

'Governing by Virtue' asks how a monarchy with no police force, no standing army, and little bureaucracy could rule England in the second half of the 16th century. Queen Elizabeth was the supreme ruler, but her chief manager Lord Burghley depended heavily on the virtue and honour of the ruling classes to keep the peace and defend the realm.

**Enlightenment Tory in Victorian Scotland** - Michael Michie 1997

An Enlightenment Tory in Victorian Scotland is a political and intellectual biography of Sir Archibald Alison (1792-1867), historian, social critic, criminal lawyer, and sheriff of Lanarkshire. The first author to examine the full range of Alison's writings and activities, Michael Michie reveals a significant link between the Scottish Enlightenment and Victorian conservatism. Michie argues that Alison's conservative ideas were deeply influenced by the social and political thought of the Scottish Enlightenment. He contends that Alison was the embodiment of the High

Tory appropriation of the legacy of Adam Smith particularly evident in the belief that commercial agrarian capitalist society was the most appropriate form for both the maintenance of order and the practice of virtue. Developing the suggestion that a conservative interpretation of the enlightened legacy was possible for the succeeding century, Michie's study offers a useful corrective to the received wisdom that Victorian Liberalism was the true heir of the Scottish Enlightenment.
