**The Mystic Test Book or the Magic of the Cards** - Olney H. Richmond 2018-09-13

The publication of this work was, we might say, forced upon us by the demand, before even a page of manuscript was prepared for the press. The demand was caused by members of the Temple, who recognized the necessity of a printed text book, from which they could study the meanings of the cards and their indications under the seven planets. These brothers and sisters naturally wished to perfect themselves in emblem reading as rapidly as possible, and they could not so perfect themselves, without a full and complete set of tables that they could study and refer to at will. The next trouble that arose was the

question of expense, as, aside from the printing, engraving, binding, electrotyping and matters of that kind, the author's time was, and is now so valuable that the item far overbalances those mentioned. It was finally decided that the most feasible plan, was to get out enough copies to supply more than our immediate membership and to sell them to outsiders under certain restrictions.

It contains over 220 meditations, journaling prompts, and action steps that will help transform your life from the inside out. Becoming a master of your inner voice and intuition is about so much more than getting clear answers to life's questions or having a finely tuned instrument for manifestation. **Karma Cola** - Gita Mehta 2012-05-02

Beginning in the late '60s, hundreds of thousands of Westerners descended upon India, disciples of a cultural revolution that proclaimed that the magic and mystery missing from their lives was to be found in the East. An Indian writer who has also lived in England and the United States, Gita Mehta was ideally placed to observe the spectacle of European and American "pilgrims" interacting with their hosts. When she finally recorded her razor sharp observations in Karma Cola, the book became an instant classic for

describing, in merciless detail, what happens when the traditions of an ancient and longlived society are turned into commodities and sold to those who don't understand them. In the dazzling prose that has become her trademark, Mehta skewers the entire Spectrum of seekers: The Beatles, homeless students, Hollywood rich kids in detox, British guilt-trippers, and more. In doing so, she also reveals the devastating byproducts that the Westerners brought to the villages of rural India -- high anxiety and drug addiction among them. Brilliantly irreverent, Karma Cola displays Gita Mehta's gift for weaving old and new, common and bizarre, history and current events into a seamless and colorful narrative that is at once witty, shocking, and poignant.

*Into the Mystic* - Christopher Hill 2017-09-12

Explores the visionary, mystical, and ecstatic traditions that influenced the music of the 1960s • Examines the visionary, spiritual, and mystical influences on the Grateful Dead, the Beatles, the Rolling Stones, Bob Dylan, Van Morrison, the Incredible String Band, the Left Banke, Lou Reed and the Velvet Underground, and others • Shows how the British Invasion acted as the “detonator” to explode visionary music into the mainstream • Explains how 1960s rock and roll music transformed consciousness on both the individual and collective levels The 1960s were a time of huge transformation, sustained and amplified by the music of that era: Rock and Roll. During the 19th and 20th centuries visionary and esoteric spiritual traditions influenced first literature, then film. In the 1960s they entered the realm of popular music, catalyzing the ecstatic experiences that empowered a generation. Exploring how 1960s rock and roll music became a school of visionary art, Christopher Hill shows how music raised consciousness on both the individual and collective levels to bring about a transformation of the planet. The author traces how rock and roll rose from the sacred music of the African Diaspora, harnessing its ecstatic power for evoking spiritual experiences through music. He shows how the British Invasion, beginning with the Beatles in the early 1960s, acted as the “detonator” to explode visionary music into the mainstream. He explains how 60s rock and roll made a direct appeal to the imaginations of young people, giving them a larger set of reference points around which to understand life. Exploring the sources 1960s musicians drew upon to evoke the initiatory experience, he reveals the influence of European folk traditions, medieval Troubadours, and a lost American history of ecstatic politics and shows how a revival of the ancient use of psychedelic substances was the strongest agent of change, causing the ecstatic, mythic, and sacred to enter the consciousness of a generation. The author examines the mythic narratives that underscored the work of the Grateful Dead, the French symbolist poets who inspired Bob Dylan, the hallucinatory England of the Beatles’ Sgt. Pepper, the tale of the Rolling Stones and the Lord of Misrule, Van Morrison’s astral journeys, and the dark mysticism of Lou Reed and the Velvet Underground. Evoking the visionary and apocalyptic atmosphere in which the music of the 1960s was received, the author helps each of us to better understand this transformative era and its mystical roots.

*The Mystic Masseur* - V. S. Naipaul 2012-03-22

*The Mystic Masseur*, V. S. Naipaul’s first published novel, is the story of the rise and fall of Ganesh, from failed primary school teacher and struggling masseur to author, revered mystic and MBE – a journey equally memorable for its hilarity as its bewildering success. An unforgettable cast of characters witness this meteoric ascent: Ganesh’s father-in-law, Ramlogan, whose shop gave the impression that ‘every morning someone went over everything in it – scales, Ramlogan, and all – with a greased rag’; his aunt, the Great Belcher, with her troubling wind; his wife Leela, and her fondness for putting a punctuation mark after every word. Soon, Ganesh’s small hut is filled with books (1,500, as his wife will attest), and his trousers and shirt disappear to be replaced by more suitable attire for a proper mystic. As ‘The Woman Who Couldn’t Eat’ and ‘Lover Boy’, the man who fell in love with his bicycle, line up to be cured, it looks like the mystic masseur is surely destined for greatness. In one of the author’s finest comic creations we see the immense sensitivity, humour and endlessly inventive imagination that have become the hallmarks of V. S.

Naipaul's genius.

*The 49th Mystic (Beyond the Circle Book #1)* - Ted Dekker 2018-05-15

The Mystic Eye - Sadhguru 2008

This is a book for the thirsty. And emphatically not a book for the faint-hearted. In a series of far-reaching exploratory conversations, Sadhguru - a living master and mystic of our times - touches on every conceivable question that a seeker might nurse about the realm of the mystical. Questions about enlightenment, liberation, death, God and the afterlife. Also those niggling but ostensibly trifling questions that so many wonder about, but are hesitant to ask: about spirits, disembodied beings, black magic, the possession and the occult. And in a riveting culmination to the book, Sadhguru unfolds the story of his life mission, a saga of extraordinary commitment and courage that spans three lifetimes. The result is the Dhyanalinga, the dream of countless yogis down the centuries: a unique energy form which sows the seed of liberation in all who visit it. This is a book to treasure. It offers an unprecedented glimpse into the world of a contemporary mystic, a prodigious living archive of knowledge. In the course of his discussions, Sadhguru probes the farthest realms of illogic, and yet his unfailingly rational and matter-of-fact tone lends credibility to the more fantastic aspects of the content.

**The Intersubjectivity of the Mystic** - Mary Frohlich 1993

In the popular mind, the mystic is seen as the supreme solitary. This image, if accurate, would make the mystical quest marginal in an era when much theology has emphasized socially responsible praxis. Against the popular image, Mary Frohlich develops a theological model -- based on the writings of Bernard Lonergan and the "self-psychology" of Heinz Kohut -- that both respects mysticism's irreducible character and shows how it concretely transforms people and systems. She then applies this model to an interpretation of a classic expression of spiritual transformation, the Interior Castle of the sixteenth-century mystic Teresa of Avila.

Some weeks are as short as 5 minutes a day for that week and the longest is 43 minutes a day. They average about 23 minutes a day. The satisfactory life is a life of continual growth. There is no such thing as standing still. One must either rise steadily, or he will gradually sink into oblivion. It matters not whether one's worldly wealth is ten dollars or ten million. The rule is the same. Every person, whether rich or poor, who has the intelligence to understand this and follow the rule of life, has need of the development offered by the Mystic Road. It frees him from the chains of misfortune and protects him from the cruel buffetings of fate. It replaces poverty of soul and purse with plenty, and renders secure the possessions of life's desires through the conscious control of the creative element. NOW YOU CAN FOCUS YOUR MIND AS A MAGNIFYING GLASS FOCUSES THE SUN . . . The greatest devil in the universe is fear, and the greatest crime is ignorance - ignorance of the marvelous power innate in every human being. Either in this or a future life you will have to undergo the triple evils of ill-luck, want and deprivation until you have learned to conquer them through your divine heritage of power: in other words, to be born again

mentally through the unfoldment of your mind. The sooner you realize this truth and act upon the biblical promise, "Seek and ye shall find, knock and it shall be opened unto you," the sooner will you enter into the promised land of good and plenty and your world will become for you what it was intended to be, a world of continuous enjoyment. By applying the sacred, oriental, occult knowledge of the workings of the mind, nerves, and nerve centers enables you by the devotion of only a few minutes a day of your spare time to develop your powers to an unbelievable degree. A few minutes a day is not study. It is the conscious unfoldment and direction of the undeveloped portions of your mind so that they work continuously for you. The real basis of the power developed is by means of two things. First, the development of the ability to use the universal life energy which is everywhere and which is closely akin to electricity. At the start you may doubt the existence of such a force, but long before you have finished the instruction all such doubt will be removed. The development of the nerve centers or plexuses, particularly the plexus of power, is the second thing. A brief preparation is necessary before you can start these developments. This preliminary instruction is covered by the first few lessons. Do not slight these initial lessons. They are an absolute necessity for what will follow and, in addition, they possess great value in themselves. In fact, if you went no further than the first few lessons the value to you would be many times the cost of the slight effort involved. After the ability to control power has been developed, there will be given to you in the final lessons the secret key which will give you the exact methods to follow in order to divert these powers to the fulfillment of your own desire. *The Third Eye* - Tuesday Lobsang Rampa 2019

The story of Tibet at the turn of the century as seen through the eyes of a boy. T. Lobsang Rampa was preordained to be a Tibetan priest, a sign from the stars that could not be ignored. When he left his wealthy home to enter the monastery, his heart was filled with trepidation, with only a slight knowledge of the rigorous spiritual training and physical ordeal that awaited him... This is his story, a hauntingly beautiful and deeply inspiring journey of awakening within Chakpori Lamasery, the temple of Tibetan medicine. It is a moving tale of passage through the mystic arts of astral projection, crystal gazing, aura deciphering, meditation, and more, a spiritual guide of enlightenment and discovery through the opening of the all-powerful, the all-knowing...

[Tales of the Holy Mysticat](#) - Rachel Adler 2020-09-29

In early 2007, Professor Rachel Adler, a Jewish feminist theologian, decided her new apartment needed a cat. As she searched through photos from local shelters, one gaunt feline caught her eye. Despite being caged, he retained the spiritual beauty of face and dignity of bearing that mark a great soul. As he settled into his new home, "purring at the Hebrew volumes in Adler's rabbinic library, nodding attentively to the mezzuzot on the doorposts, and engaging in soulful meditation three times each day," it became clear that he was no ordinary kitty. Over the years, these eccentric practices revealed him to be a Hasidic master reincarnated to a higher level in the form of a gray tabby. This whimsical and engaging book began as several years of Adler's Facebook posts describing the idiosyncrasies of her peculiar cat, whom she called the Holy Mysticat. He became a holy teacher of sorts, leading her and her online friends on a journey through thousands of years of Jewish spiritual texts and p
