Drafting Tax Provisions - Ivan Mitev 2017-11-17

Tax provisions are a staple in many private M&A and investment fund documents. Yet, there is nocomprehensive source that catalogs the various provisions, gives examples of alternative drafting approaches, and offers an in-depth analysis of the tax language. This treatise offers such comprehensive source and sets the benchmark for tax documents and precedents related to the investment fund and private M&A industry. This is a focused product. The treatise does not cover the entire breadth of tax-related precedents from tax sharing agreements to 83(b) elections. Instead, it covers the tax provisions in the most pertinent documents that concern investment funds and the private M&A practitioner.

To Sir, With Love - E. R. Braithwaite 2014-01-14
This schoolroom drama that inspired the classic Sidney Poitier film is “a microcosm of the racial issues . . . A dramatic picture of discrimination” (Kirkus Reviews). With opportunities for black men limited in post-World War II London, Rick Braithwaite, a former Royal Air Force pilot and Cambridge-educated engineer, accepts a teaching position that puts him in charge of a class of angry, unmotivated, bigoted white teenagers whom the system has mostly abandoned. When his efforts to reach these troubled students are met with threats, suspicion, and derision, Braithwaite takes a radical new approach. He will treat his students as people poised to enter the adult world. He will teach them to respect themselves and to call him “Sir.” He will open up vistas before them that they never knew existed. And over the course of a remarkable year, he will touch the lives of his students in extraordinary ways, even as they in turn, unexpectedly and profoundly, touch his. Based on actual events in the author’s life, *To Sir, With Love* is a powerfully moving story that celebrates courage, commitment, and vision, and is the inspiration for the classic film starring Sidney Poitier.

School for Barbarians - Erika Mann 2014-01-28
Published in 1938, when Nazi power was approaching its zenith, this well-documented indictment reveals the systematic brainwashing of Germany's youth. The Nazi program prepared for its future with a fanatical focus on national preeminence and warlike readiness that dominated every department and phase of education. Methods included alienating children from their parents, promoting notions of racial superiority instead of science, and developing a cult of personality centered on Hitler. Erika Mann, a member of the World War II generation of German youth, observed firsthand the Third Reich's perversion of a once-proud school system and the systematic poisoning of family life. This edition of her historic exposé features an Introduction by her father, famed author and

Nobel laureate Thomas Mann.

Dreams from My Father - Barack Obama

2007-01-09

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the

more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

Dumbing Us Down - John Taylor Gatto

2002-02-01

With over 70,000 copies of the first edition in print, this radical treatise on public education has been a New Society Publishers' bestseller for 10 years! Thirty years in New York City's public schools led John Gatto to the sad conclusion that compulsory schooling does little but teach young people to follow orders like cogs in an industrial machine. This second edition describes the wide-spread impact of the book and Gatto's "guerrilla teaching." John Gatto has been a teacher for 30 years and is a recipient of the New York State Teacher of the Year award. His other titles include *A Different Kind of Teacher* (Berkeley Hills Books, 2001) and *The Underground History of American Education* (Oxford Village Press, 2000).

Latin Alive - Joseph B. Solodow 2010-01-21

In *Latin Alive*, Joseph Solodow tells the story of how Latin developed into modern French, Spanish, and Italian, and deeply affected English as well. Offering a gripping narrative of language change, Solodow charts Latin's course from classical times to the modern era, with focus on the first millennium of the Common Era. Though the Romance languages evolved directly from Latin, Solodow shows how every important feature of Latin's evolution is also reflected in English. His story includes scores of intriguing etymologies, along with many concrete examples of texts, studies, scholars, anecdotes, and historical events; observations on language; and more. Written with crystalline clarity, this book tells the story of the Romance languages for the general reader and to illustrate so amply Latin's many-sided survival in

English as well.

A Promised Land - Barack Obama 2020-11-17

THE #1 SUNDAY TIMES BESTSELLER A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy - and the perfect gift this Christmas! 'Gorgeously written, humorous, compelling, life affirming' Justin Webb, Mail on Sunday In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making.

He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day. 'What is unexpected in A Promised Land is the former president's candour' David Olusoga, Observer

NurtureShock - Po Bronson 2009-09-03

In a world of modern, involved, caring parents, why are so many kids aggressive and cruel? Where is intelligence hidden in the brain, and why does that matter? Why do cross-racial friendships decrease in schools that are more integrated? If 98% of kids think lying is morally wrong, then why do 98% of kids lie? What's the single most important thing that helps infants learn language? NurtureShock is a groundbreaking collaboration between award-winning science journalists Po Bronson and Ashley Merryman. They argue that when it comes to children, we've mistaken good intentions for good ideas. With impeccable storytelling and razor-sharp analysis, they demonstrate that many of modern society's strategies for nurturing children are in fact backfiring--because key twists in the science have been overlooked. Nothing like a parenting manual, the authors' work is an insightful exploration of themes and issues that transcend children's (and adults') lives.

This comprised an online survey which was completed by more than 2,000 respondents and follow-up interviews with 68 teachers in 24 different schools throughout England. The report is the largest endeavour of its kind in the United Kingdom in both scope and scale. Punk 57 - Penelope Douglas 2016-10-18
From New York Times Bestselling Author, Penelope Douglas, comes the latest standalone love-hate romance... "We were perfect together. Until we met." Misha I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F*ck it. I need to meet her. I just don't expect to hate what I find. Ryen He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own

fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. *Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+.

You Are Not Special - David McCullough, Jr.
2014-04-22

A profound expansion of David McCullough, Jr.'s popular commencement speech—a call to arms against a prevailing, narrow, conception of success viewed by millions on YouTube—*You Are (Not) Special* is a love letter to students and parents as well as a guide to a truly fulfilling, happy life “Every once in a long while, a voice seems to come out of nowhere, and you wonder how you ever managed without [it]. David McCullough, Jr. has that startling, insightful, wry, reassuring, helpful voice and *You Are Not Special* may be the wisest ‘parenting’ book I’ve read in decades.”—Madeline Levine, author of *The Price of Privilege* and *Teach Your Children Well* Children today, says David McCullough—high school English teacher, father of four, and son and namesake of the famous historian—are being encouraged to sacrifice passionate engagement with life for specious notions of success. The intense pressure to excel discourages kids from taking chances, failing, and learning empathy and self-confidence from those failures. In *You Are (Not) Special*, McCullough elaborates on his now-famous speech exploring how, for what purpose, and for whose sake, we’re raising our kids. With wry, affectionate humor, McCullough takes on hovering parents, ineffectual schools, professional college prep, electronic distractions, club sports, and generally the manifestations, and the applications and consequences of privilege. By acknowledging that the world is indifferent to them, McCullough takes pressure off of students to be extraordinary achievers and instead exhorts them to roll up their sleeves and do something useful with their advantages.

writers” (*The Guardian*). A Hugo and Nebula Award-winning science fiction writer, British novelist Brian W. Aldiss also regularly “returned to earth with distinction,” penning realistic works, including the *Squire Quartet* (*The New York Times*). [a] many-layered venture into the extraordinariness of ordinary lives.” —*The New York Times* *Remembrance Day*: When four people are killed by a terrorist bombing in a small British seaside hotel, an American academic examines the details of the victims’ lives and histories to find the relationship between them and their fate. “Aldiss discovers fresh and arresting nuances in the dichotomy between blind chance and predestination in human affairs . . . original, disturbing, and memorable.” —Kirkus Reviews *Somewhere East of Life*: Architectural historian Roy Burnell has been tasked with traveling the globe and listing architectural gems in danger of being destroyed. Growing up in Mussolini's Fascist Italy - Christine Foster Meloni 2020-07-16

Andrea Meloni was born in Year VI (1928) of the Fascist Era in Italy. In his memoir he tells stories about growing up in Mussolini's Italy. In elementary school he delighted in being a little fascist, participating in military drills in his schoolyard and the streets of Rome. As a teenager he gradually became disillusioned with fascism as Mussolini led Italy into World War II on the side of Germany and eventually fell from power when the Allies began their invasion of Italy. He describes the first years of his life living in extreme poverty in the village of Acuto (Frosinone), his move to Rome at age five, the years under Mussolini followed by the terrors of the German occupation of Rome and the dangerous civil war between fascists and partisans, and finally the overwhelming post-war devastation.
