The Gold Cadillac - Mildred D. Taylor 1998-02-01

Another powerful story in the Logan Family Saga and companion to Mildred D. Taylor's Newbery Award-winning Roll of Thunder, Hear My Cry. A drive South becomes dangerous for 'lois and her family. 'Lois and

Wilma are proud of their father's brand-new gold Cadillac, and excited that the family will be driving it all the way from Ohio to Mississippi. But as they travel deeper into the rural South, there are no admiring glances for the shiny new car; only suspicion and anger for the black man behind the wheel. For the first time in their lives, Lois and her sister know what it's like to feel scared because of the color of their skin. "A personal, poignant look at a black child's first experience with institutional racism."--The New York Times

Through the Language Glass - Guy Deutscher 2010-08-31

A masterpiece of linguistics scholarship, at once erudite and entertaining, confronts the thorny question of how—and whether—culture shapes language and language, culture. Linguistics has long shied away from claiming any link between a language and the culture of its speakers: too much simplistic (even bigoted) chatter about

the romance of Italian and the goose-stepping orderliness of German has made serious thinkers wary of the entire subject. But now, acclaimed linguist Guy Deutscher has dared to reopen the issue. Can culture influence language—and vice versa? Can different languages lead their speakers to different thoughts? Could our experience of the world depend on whether our language has a word for "blue"? Challenging the consensus that the fundamentals of language are hard-wired in our genes and thus universal, Deutscher argues that the answer to all these questions is—yes. In thrilling fashion, he takes us from Homer to Darwin, from Yale to the Amazon, from how to name the rainbow to why Russian water—a "she"—becomes a "he" once you dip a tea bag into her, demonstrating that language does in fact reflect culture in ways that are anything but trivial. Audacious, delightful, and field-changing, *Through the Language Glass* is a classic of intellectual discovery.

Principles and Practice in Second Language Acquisition - Stephen D. Krashen 1982

The present volume examines the relationship between second language practice and what is known about the process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its application to

methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication.

Writing and the Writer - Frank Smith 2013-11-05

Exploring the relationship between the writer and what he/she happens to be writing, this text by one of the foremost scholars in the field of literacy and cognition is a unique and original examination of writing--as a craft and as a cognitive activity. The book is concerned with the physical activity of writing, the way the nervous system recruits the muscles to move the pen or manipulate the typewriter. It considers the necessary disciplines of writing, such as knowledge of the conventions of grammar, spelling, and punctuation. In particular, there is a concern with how the skills underlying all these aspects of writing are learned and orchestrated. This second edition includes many new insights from the author's significant experience and from recent research, providing a framework for thinking about the act of writing in both theoretical and practical ways. A completely new chapter on computers and writing is

included, as well as more about the role of reading in learning to write, about learning to write at all ages, and about such controversial issues as whether and how genre theory should be taught. Written in nontechnical language, this text will continue to be accessible and stimulating to a wide range of readers concerned with writing, literacy, thinking, and education. Furthermore, it has an educational orientation, therefore proving relevant and useful to anyone who teaches about writing or endeavors to teach writing.

The Language of Literature - Arthur N. Applebee 1999-01-21

The Crucible - Arthur Miller 2012-03-19

"The Crucible" is a 1952 play by the American playwright Arthur Miller. It is a dramatization of the Salem witch trials that took place in the Province of Massachusetts Bay during 1692 and 1693. Miller wrote the play as an allegory of McCarthyism, when the US government blacklisted accused communists. Miller himself was questioned by the House of Representatives' Committee on Un-American Activities in 1956 and convicted of "contempt of Congress" for refusing to identify others present at meetings he had attended. It was first performed at the Martin Beck Theater on Broadway on January 22, 1953. Miller felt that this production was too stylized and cold and the reviews for it were largely hostile (although The New York Times noted "a powerful play in a driving performance"). Nonetheless, the production won the 1953 "Best Play" Tony Award. A year later a new production succeeded and the play became a classic. It is a central work in the canon of American drama. Fuji Books' edition of "The Crucible" contains supplementary texts: * "Tragedy And The Common Man", an essay by Arthur Miller. * Excerpts from Nathaniel Hawthorne's magnum opus "The Scarlet Letter", a narrative of the Salem Witch trials. * A few selected quotes of Arthur Miller.

Literature for Children - David L. Russell 2005

This succinct yet comprehensive introduction to children's literature focuses on genres and concepts rather than on particular authors. The completely updated edition of this groundbreaking text provides students

with a clear literary perspective for understanding the foundations and contexts of literature, including the various genres of children's literature from picture to informational books. This "Fifth Edition" continues to be approachable and inviting with its clear and logical organization and its simple and direct prose. New To The Fifth Edition! New reorganization of chapters provides a better segue between Part I and II. Completely re-written chapter (previously titled "child development") now includes broader issues of children's studies and how they impact the literature. Significantly expanded history of children's literature including more titles and authors, provides a thorough and comprehensive background. What Reviewers Are Saying: "I'm quite impressed with the way" the author "has succinctly discussed difficult ideas." Professor Mike Cadden, Missouri Western State College "Students unfailingly react positively to" Literature for Children: A Short Introduction," It has a consistency in presentation and writing style that makes it a very considerate text." Professor Patricia Leek, University of Texas, Dallas About the Author: David L. Russell is a professor of languages and literature at Ferris State University in Michigan where he teaches children's literature. His publications include critical biographies of Scott O'Dell and Patricia MacLachlan as well as numerous scholarly articles. A former member of the Executive Board of the Children's Literature Association, he is currently book review editor for "The Lion and the Unicorn."

Oxford Latin Course - M. G. Balme 1997

Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been

Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

The Tell-Tale Heart - Edgar Allan Poe 2020-08-26

Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfills his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

Critical Theory Today - Lois Tyson 2012-09-10

Critical Theory Today is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness. This new edition provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great*

Gatsby through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

Understanding Second Language Acquisition - Lourdes Ortega 2014-02-04

Whether we grow up with one, two, or several languages during our early years of life, many of us will learn a second, foreign, or heritage language in later years. The field of Second language acquisition (SLA, for short) investigates the human capacity to learn additional languages in late childhood, adolescence, or adulthood, after the first language --in the case of monolinguals-- or languages --in the case of bilinguals-- have already been acquired. *Understanding Second Language Acquisition* offers a wide-encompassing survey of this burgeoning field, its accumulated findings and proposed theories, its developed research paradigms, and its pending questions for the future. The book zooms in and out of universal, individual, and social forces, in each case evaluating the research findings that have been generated across diverse naturalistic and formal contexts for second language acquisition. It assumes no background in SLA and provides helpful chapter-by-chapter summaries and suggestions for further reading. Ideal as a textbook for

students of applied linguistics, foreign language education, TESOL, and education, it is also recommended for students of linguistics, developmental psycholinguistics, psychology, and cognitive science. Supporting resources for tutors are available free at www.routledge.com/ortega.

[The Language of Literature](#) - Andrea B. Bermudez 2005-04-13

Introduction to Old Javanese Language and Literature - Mary S. Zurbuchen 1976-01-01

The oldest and most extensive written language of Southeast Asia is Old Javanese, or Kawi. It is the oldest language in terms of written records, and the most extensive in the number and variety of its texts. Javanese literature has taken many forms. At various times, prose stories, sung poetry or other metrical types, chronicles, scientific, legal, and philosophical treatises, prayers, chants, songs, and folklore were all written down. Yet relatively few texts are available in English. The

unstudied texts remaining are an unexplored record of Javanese culture as well as a language still alive as a literary medium in Bali. Introduction to Old Javanese Language and Literature represents a first step toward remedying the dearth of Old Javanese texts available to English-speaking students. The ideal teaching companion, this anthology offers transliterated original texts with facing-page English translations. The anthology focuses on prose selections, since their straightforward style and syntax offer the beginning student the most rewarding experience. Four sections make up the collection. Part I offers several short readings as the most accessible entry point into Old Javanese. Part II contains two moralistic fables from an Old Javanese retelling of the Hindu Pañcatantra cycle. Part III takes up the epic, providing excerpts from one of the books of the Old Javanese retelling of the Mahabharata. Part IV offers excerpts from two chronicles, the generic conventions of which challenge received notions of history writing because of their supernaturalism and folkloric elements. Includes introduction, glossary, and notes.
